Career Objective

I am looking forward to pursue a career in the field of research. I am seeking to deliver my research, analytical, as well as presentation skills that will benefit in volume, growth, brand, and profits.

Academic Qualifications

Course	Board/ University	Subjects	Year	Percentage/ CGPA
M.Phil	International Institute for Population Sciences, Mumbai Maharashtra.	Population Studies	2016	Result awaited
M.A	International Institute for Population Sciences, Mumbai Maharashtra.	Population Studies	2013	61.16
B.A	Tata Institute of Social Sciences, Tuljapur Maharashtra.	Social work and Rural development	2011	63.71
HSC	DAV Jawahar Vidya Mandir, Shyamli Ranchi	Arts	2006	62
SSC	DAV Jawahar Vidya Mandir, Shyamli Ranchi	Arts	2004	56.5

Professional Experience/Internships

Organisation: TISS,
Designation: Program Manager

Place of Work: Mumbai
June 2013-July 2015

Job responsibilities

- *To conduct research based studies (Baseline survey, Impact assessment and Evaluation studies)*
- *Partnership and client management (MoU and Legal)*
- *Proposal Evaluation and NGO Empanelment.*
- *Project Implementation*

Research Experience

- Topic of dissertation (M.Phil): Gender based power relation in Indian Households-A Study to analyze the autonomy of women through socio-cultural factors.
- Topic of dissertation (M.A/M.Sc.): Utilization of Maternal Health care services in EAG states of India.
- Topic of Dissertation (BA in Social Work) Social work and childhood Poverty, Social work Seminar.
- Topic of Dissertation (B.A in Social Work) Rural Development and Displacement, Rural Development Seminar.

Academic Achievements

- Medals
- Awards: UGC NET, In Population Sciences June 2012.
- Fellowships
- Scholarships
- If any

Papers Published

-

Conferences/Seminars/Workshops

- Quality of health Care in India in the Existing System: Revisiting the Judith Bruce Framework, Evidence from NFHS-3. (National Conference, Bhopal IIFM.)
- Maternal and child health care utilization among tribes in Jharkhand: Some facts and findings. (35th Annual Conference of Indian Association for the Study of population)

Proficiencies

Research Techniques:

Qualitative and Quantitative Tools

Statistical Analysis through various techniques

Documentation and reporting

Computer Proficiency: MS Office (MS word, PowerPoint & Excel), SPSS.

Language proficiency: Hindi (MT), English

Extra circulars

Reading

Creative writing

Content Designing

I hereby declare that the above written particulars are true to the best of my knowledge and belief.

ANKITA KUMARI

Career Objective

I would like to work in the field of Population Studies and work for an organization where I can utilize and enhance my knowledge and skills for the betterment of society.

Academic Qualifications

Course	Board/ University	Subjects	Year	Percentage/ CGPA
M.Phil.	International Institute for Population Sciences	Population Studies	2015-2016	Results Awaited
M.A	International Institute for Population Sciences	Population Studies	2013-2014	7.62(CGPA)
B.A (Hons.) Statistics	Banaras Hindu University	English, Economics, Mathematics, Statistics	2010-2013	8.22(CGPA)
12 th (Intermediate)	C.B.S.E.	Physics, Chemistry, Mathematics, English, Computer	2009	74.4%
10 th (Matriculate)	I.C.S.E.	English, Hindi, Maths, General Sciences, Social sciences, computer, Environmental education	2007	84.4%

Professional Experience/Internships

Organisation
Designation

Place of Work
From – To Year

Job responsibilities

Research Experience

- Socio-economic and Health conditions of Abandoned Elderly Widows: An exploratory study in Varanasi.(Primary based study) – M.Phil.
- Elderly and Caregiving in India: A study based on SAGE survey. – M.A

Academic Achievements

- 1st Rank Holder and a **GOLD MEDALIST** (M.A in Population Studies)
- Qualified for Junior Research Fellowship(**JRF**) in June 2015 for University Grants Commission (UGC)

Papers Published

•

Conferences/Seminars/Workshops

- Attended a National conference in Kerala organized by IASSH -13th Annual IASSH Conference on “Health and Development: Research Practice and Policy” [December 2015].

Proficiencies

Research Techniques:

- Field work experience for Primary **Data collection** in M.Phil. Course for Dissertation.
- One month Data collection done in December 2013 for SAFAR-MUMBAI, in collaboration of IITM-Pune and IIPS-Mumbai.
- Experience in handling the large scale survey data (NFHS, DLHS, and SAGE etc.)
- Documentation and Proposal writing
- Good communication and presentation skill.

Computer Proficiency :

- Good knowledge of computer programs (Blue J – JAVA, VISUAL BASIC, and C).
- Basic working experience in EXCEL, WORD, POWERPOINT.
- Can handle Soft wares like SPSS, STATA etc.

Language proficiency: English, Hindi (M.T).

Extra circulars

- 1st in kho-kho inter class tournament in BHU-2012
- RUNNER UP in BASKETBALL in Inter District School tournament -2007
- 5th year (VASWAR FINAL) in PAINTING , Bangiya Sangeet kala Kendra , W.B

The main interest is in travelling different places and reading books.

I hereby declare that the above written particulars are true to the best of my knowledge and belief .

Place : Mumbai

Career Objective

I am looking for some new opportunities and I believe to be open to learning and experiencing various activities, which would provide me with an opportunity to gain knowledge and skills and apply them to my personal growth, career development and social development.

Academic Qualifications

Course	Board/ University	Subjects	Year	Percentage
M.Phil.	International Institute for Population Sciences, Mumbai	Population Studies	2015-16	Result Awaited
M.P.S.	International Institute for Population Sciences, Mumbai	Population Studies	2014-15	62
M.Sc.	Institute of Medical Science, BHU	Health Statistics	2012-14	74
B.Sc.	Udai Pratap Autonomous College, Varanasi	Physics, Statistics, Mathematics	2008-11	64
12 th	U.P. Board	Science	2008	63
10 th	U.P. Board	Science	2006	64

Internships

- Summer training program in medical statistics at the NIMS, ICMR New Delhi during 15 May to 28 June 2013.

Research Experience

- Dissertation submitted, for the partial fulfilment of the M.Phil., course, named “**Ageing and Fertility in India: A study using the Median age of total population (MATP) and Net reproduction rate (NRR)**” to International Institute for Population Sciences, Mumbai in 2016.
- Term Paper submitted, for the partial fulfilment of the MPS course, named “**To understanding the district level variation in mortality in India**” to International Institute for Population Sciences, Mumbai in 2015.
- Project report submitted, for the partial fulfilment of M.Sc., named “**A study on disease spectrum among student of BHU**” to the Division of Biostatistics, BHU, Varanasi in 2014.

Academic Achievements

- **2014: Qualified UGC-NET** in Population Studies held in December 2014 Awards

Conferences/Seminars/Workshops

- Participated in a workshop on Customised Hands-on GIS organised by POP-ENVIS, IIPS Mumbai from 18 to 22 January

Proficiencies

Research Techniques:

Statistical Analysis such as Bivariate, Multivariate Analysis (MANOVA, Discriminant Analysis, and Factor Analysis etc.), Regression Analysis (Linear, Binary logistic, multinomial logistic etc.), Survival Analysis, and Small Area Estimation.

Computer Proficiency:

- Statistical software **SPSS, STATA**
- Demographic applicable software **MORTPAK, SPECTRUM**
- Geographical Information System software **ArcGIS**

Language proficiency:

- Hindi
- English

I hereby declare that the above written particulars are true to the best of my knowledge and belief.

About the Institute

In 1956, the United Nations, the Government of India and the Sir Dorabji Tata Trust, jointly established the Institute to serve as a regional center for teaching, training and conducting research in the area of population studies in the ESCAP region. Prior to 1970, the IIPS was popularly known as Demographic Training and Research Centre (DTRC). Institute was declared deemed university on August 15, 1985. The Institute is an autonomous institution under the administrative control of the Ministry of Health and Family Welfare, Government of India. Institute offers academic courses in population sciences to train students in demography, population, health and social sciences. Training programmes and consultancy services to government and non-governmental organizations and other academic institutions are also part of the activities of the institution. The Institute also undertakes large-scale national wide health surveys.

The IIPS has helped in building a nucleus of professionals in the field of population and health in various countries in the ESCAP region. During the past 50 years, students from 42 different countries of Asia and the Pacific region, Africa, and North America have been trained at the Institute. Many, who are trained at the Institute, now occupy key positions in the field of population and health in governments of various countries, universities and research institutes as well as in reputed national and international organizations.

Objectives of the Institute

- To train persons from India and other countries in the field of population studies, public health issues and analytics.
- To undertake scientific research on population problems which are of special importance to India and other countries in the ESCAP region.
- To collect, organize and disseminate demographic information about the population of India and other countries of the world.
- To provide services of research, evaluation, training, consultation and guidance related to population problems to government departments, public corporations or private establishments as deemed desirable in pursuance of the objective of the Society.
- To undertake, organize and facilitate study courses, conferences, lectures, seminars and the like to promote the aforesaid objectives.
- To undertake and provide for publication of journals and research papers, books and to establish, maintain libraries and information service in furtherance of the objectives of the institute.

Mission and Vision of the Institute

Mission: "The Institute will strive to be a centre of excellence on all population and relevant issues through high quality education, teaching and research. This will be achieved by (a) creating competent professionals, (b) generating and disseminating scientific knowledge and evidence, (c) collaboration and exchange of knowledge, and (d) advocacy and awareness.

Vision: "To position IIPS as a premier teaching and research institution in population sciences responsive to emerging national and global needs based on values of inclusion, sensitivity and rights protection."

Functions of the Institute

Teaching

The Institute presently offers the following regular teaching programmes:

M.A./M.Sc. Programme in Population Studies

Master of Science in Biostatistics and Demography

Master of Population Studies (MPS)

Master of Philosophy (M.Phil) in Population Studies

Master of Philosophy (M.Phil) in Biostatistics and Epidemiology

Doctor of Philosophy (Ph.D.) in Population Studies

Master of Population Studies (MPS) (Distance Learning)

Post Doctoral Fellowship(P.D.F.)

Diploma in Health Promotion Education (DHPE)

Research

Apart from the teaching activities, the Institute also conducts a large number of research projects on various aspects of population and health. The Institute also undertakes evaluative studies and large-scale surveys. Emphasis is given on studies related to inter-relationship of various social and economic variables of the components of population change such as Fertility, Mortality, Migration and Health Complexities. Institute had conducted many important surveys like National Family Health Survey (NFHS), District Level Household Survey (DLHS), National Rural Health Mission (NRHM), YOUTH in India Project, Global Adult Tobacco Survey (GATS India Project), Research Intervention Sexual Health Theory to Action (RISHTA Project).

The research projects of the Institute are mostly funded by the Ministry of Health and Family Welfare, Government of India and also by the State Governments, World Bank, United Nations Population Fund, World Health Organization, International Labor Organization and other Government and Non-Government organizations.

Consultative Services

The Institute provides consultancy services and undertakes special studies on problems related to population at the request of the Government, the United Nations and other specialized agencies. Given the expertise of the staff in various areas of population, research methodology, etc., an active effort is being made to let the organizations which need short term consultancy services, know about the availability of persons.

Documentation

The Institute maintains an excellent library with most recent books on population and related topics. To fulfill the academic objectives of the Institute, IIPS Library maintains an excellent library with full of demographic information sources in various forms like published, unpublished, printed, electronic, and online. The library has fully automated in 'System for Library & Information Management -21' (SLIM21) software. The library building is centrally air-conditioned, well furnished to provide extra comfort and also well equipped with latest IT infrastructure to provide pinpointed and quick information required to its patrons.

About IIPS Alumni Association (IIPSAA)

Alumni of any academic institute possess immense strength to shape and reshape the capacity of the parent organization as and when it is needed. They are the best channel, to help in understanding the exact professional requirements of the market, industry, and employers. Therefore, they become a bridging force between the Institute and the potential job market for its future alumni. They can extend their unconditional support to the Institute in those difficult areas where often financial and administrative limitations become barriers in meeting its vision and mission. With the genesis of such a noble idea, faculties and the Alumni of the Institute formed and a registered professional body of IIPS trained population graduates in the name of the IIPS Alumni Association (IIPSAA) under the Society Registration Act 21, 1860 (Regd. No.2893/2011/GBBSD) as well as under the Charity Commission Act 1950 (Regd.No. F49222 (Mumbai)).

Programs and Courses Offered

M.A/M.Sc. Population Studies

This is two year program designed to provide in-depth knowledge of the linkages between population and various dimensions of socio-economic, health and environmental development. These programmes provide analytical skills to students with rigorous hands-on training of SPSS, STATA, MIWiN and large scale data handling. Program requires successful competition of 16 main papers in the area of population and demography studies; one optional course and a dissertation. Students are also trained in Research Methodology which includes successful completion of field work.

M.Sc. Bio-Statistics and Demography

This is two year program which provide students knowledge and understanding of modern statistical demographic and epidemiological methods which includes their application in all areas of public health, health, demography, and social sciences. The program provides data handling and analytical skills with rigorous hands-on training of SPSS, STATA, MLwiN, R, SAS and GIS. This program requires successful competition of 17 main papers; one optional course and a dissertation. Opportunities are given to develop consultancy skills which are much valued by employers. Students are also taught Clinical Trails as a separate subject.

Masters of Population Studies (M.P.S.)

M.P.S. is a one year program designed to provide a higher level of understanding of the population sciences. This program mainly consists of tools and techniques of Demography. Program requires successful competition of 15 main courses in the area of population and demography studies, one optional course and one term paper. The program provides data handling and analytical skills with rigorous hands-on training of SPSS, STATA, and MLwiN.

Masters of Philosophy in Population Studies (M.Phil)

M.Phil Programme of one year duration include course on advanced research methodology, survey of literature, and one optional paper from core area of population studies. The research methodology course consists of wide knowledge of sampling designs and techniques in social science research, design, sample size techniques and content of large scale surveys in India e.g. DHS, WFS, NFHS, RCH, BSS, MICS, NSSO, IHDS etc. This program includes rigorous practical work as quantitative and qualitative data analysis and econometrics modeling using SPSS, STATA, and MLwiN. The second semester is devoted to the writing of dissertation. Students are highly encouraged for conference participation related to their thesis presentation. Students enrolled in this program are mostly from above mentioned programs.

Main course offered in different programs

Mathematical Methods	Basics of Human Biology	Historical Demography
Economic & Geography	Fertility and Nuptiality	Social Science Concept and Issues
Advanced Research Methodology	Demographic Methods	Introduction to Demography
Sociology, Psychology and Anthropology	Introduction to Biostatistics & Epidemiology	Survey of Literature and Critical review
Introduction to demography and sources of demographic data	Population Policies and Programmes	Mortality, Morbidity and Public Health
Survival Analysis	Epidemiological Methods	Reproductive Health
Application of Statistical and Demographic Packages	Sampling Techniques in Health & Demographic Surveys	Migration, Spatial Distribution and Urbanization
Concepts and Measures of Global Health	Advanced Statistical and Computer Applications	Demographic Models and Indirect Methods of Estimation
Population Projections	Applied Multivariate Analysis	Population Ageing
Reproductive Health	Demographic Models	Evaluation and Adjustment of Data
Gender Issues	Healthcare Systems and Policies	Methods in Clinical Trials
Evaluation of Health and Family Welfare Programme	Basic Statistical Methods for Population Studies	Indirect Estimation Techniques and Demographic Models

Optional Papers

Biostatistics and Epidemiology	Fertility and Reproductive Rights	Urban and Regional Planning
Gender, Development and Health	Population and Development	Population Ageing
Operation Research Methods	Business Demography	Biostatistics
Public Health and Mortality	Social Welfare Policies and Development	Population and Sustainable Development
Migration, Urbanization and Development	Database Theory and Management of Biological Data	Health Economics & Health Financing

The academic programs at IIPS necessitates students to familiarize themselves with software packages and data analysis packages like STATA, SPSS, R, SAS, MORTPAK, MIWiN, MATLAB, Arc GIS, ERDAS etc. Students analyze different large scale datasets like NFHS, DLHS, IHDS, SAGE, LASI, NSSO etc with these software packages. This enhances students' conceptual and analytical reasoning power.

Thesis, Term paper, Assignments and Fieldwork

Thesis, term paper and assignments are an integral part of the evaluation process different programs offered in IIPS. They are an important and necessary value additions to the students' understanding of the subjects. Assignments and presentations has 20% weight in overall evaluation of performance during the course.

➤ Application of Theory

Application of an appropriate analytical framework , along with empirical evidence, is a sure test of the students' understanding of concepts at hand. Empirical analysis is carried out using highly advanced econometric packages which create a bridge between theory and application.

➤ Fieldwork

Students generally form groups for data collection as fieldwork in different areas of Maharashtra under different topics of population and health. This approach incorporates a spirit of teamwork, learning and knowledge sharing. It allows for discussion and expose to different perspectives and situations which provides a more realistic picture of the problem. Data is analyzed with different software and results are presented to a panel of experts. Field visiting and primary data collection is compulsory for different courses taught in the institution.

➤ Presentation

Presentations are integral part of different programs of the institution. Students are assigned for presentations on different topics as part of every paper being taught during the course. At the final stage of thesis and term paper, students are required to present their final analysis to a panel of experts and peers. In the process they are exposed to multiplicity of questions related to chosen topic. This ensures a better comprehension of the concepts and also trains them to present their ideas in a concrete and logical manner.

Student Profile

Batch of 2016-17

M.A./M.Sc. Programme in Population Studies

Master of Science in Biostatistics and Demography

Master of Population Studies (MPS)

Master of Philosophy (M.Phil) in Biostatistics and Epidemiology

Master of Philosophy (M.Phil) in Population Studies

M.A. /M.Sc. Population Studies

AMIT KUMAR YADAV Email id: amityadavas2013@gmail.com Contact Number: 9453821581

Qualification: B.A. Economics (Hons.), Banaras Hindu University, Varanasi

Skills: SAS,SPSS,STATA,GIS,MORTPAK, SPECTRUM

Fieldwork: Living and Health Conditions of Residents in Deonar, Mumbai

Dissertation Title: "A Macro study on Food Security and Its impact on nutrition level and health in India"

ANJALI BANSAL Email id: anjali.bansal35@gmail.com Contact Number: 9873512969

Qualification: B.Sc. Statistics, Ramjas College, Delhi University

Skills: STATA, SPSS, C, C++, MS Office, Atlas ti, Arc GIS, Mortpak, Scientific Report writing, Monitoring and evaluation , Sampling

Fieldwork: Maternal and child health in a Mumbai urban slum

Dissertation Title: "Fertility Preferences In India: longitudinal study"

ARCHA MISRA Email id: archa4misra@gmail.com Contact Number: 8377891233

Qualification: B.A. (Hons.) Geography, Kamala Nehru College, University of Delhi

Work Experience/Internships: Field Researcher- Khushi Baby Inc.,Rajasthan; Field Coordinator - Arunodoy Foundation, New Delhi.

Skills: RS & GIS(GEO - MEDIA, ARC GIS), SPSS, MS Office, STATA, MORTPAK

Fieldwork: Socio-cultural livelihood of Bishnoi tribe, Jodhpur; Socio- economic livelihood of lak bangle maker and Bandhni saree maker, Livelihood of youth in Mumbai slum
M-health prototyping and maternal-child health care.

Dissertation Title: "Does spending on tobacco and alcohol reduce the household spending on education and health in India?"

ARISH QAMAR Email id: arish9895@gmail.com Contact Number: 8858887007

Qualification: Bachelor of Social Work (B.S.W.) from Aligarh Muslim, University,

Skills: SPSS, STATA, CS Pro, and MS Office

Work Experience/Internships - Co-founder and EX Vice President of PRANAYAK (NGO), Six-Week internship with Rural Litigation and Entitlement Kendra (RLEK) Dehradun. Internship with Population Council New Delhi.

Fieldwork: "Living and Health Conditions of Residents in Deonar, Mumbai"

Dissertation Title: "Situation analysis of working elderly population in India: facts from SAGE data"

HARICHARAN BEHRA Email id: haricharanbehra08@gmail.com Contact Number: 7541824893

Qualification: B.A Geography (Hons.), Diploma in MS office

Skills: SPSS, STATA, MS OFFICE

Fieldwork: Water and sanitation related issues in slum, Mumbai

Dissertation Title: "Determinants factors of school dropout in India : Evidence from NFHS-3"

RAJANISH HALDANKAR Email id: rajanish181994@gmail.com Contact Number: 8390745009

Qualification: B.A. (Economics and Psychology), Government college of arts and science and commerce , Khandola, Goa University

Skills: SPSS, STATA, Proficiency in Marathi and Konkani

Fieldwork: "Sanitation and hygiene in Govandi slum"

Dissertation Title: "Population and Health Insurance"

TEJASVI ATHAWALE Email id: athawale1990@gmail.com Contact Number: 8451874677

Qualification: B.A Sociology, Vivekananda Education Society, University of Mumbai

Skills: Tally, SPSS, STATA

Fieldwork: "Sanitation and hygiene in Govandi slum"

Dissertation Title: "Study of atrocity against SC in selected states of India."

M.Sc. Biostatistics and Demography

MRINMOY PRATIM BHARADWAZ Email id: mpb06197@hotmail.com Contact Number: 9859106197

Qualification: B.Sc. Mathematics and Statistics (General) Gauhati University

Skills: SAS, R, STATA, SPSS, MORTPAK

Work Experience/Internships - Internship At NrXEN

Dissertation Title: "Follow up treatment of inpatients in India"

SMRUTI MOKAL Email id: smruti272mokal@gmail.com Contact Number: 9930092787

Qualification: B.Sc. (Hons.) Statistics, Mumbai University ; Certification training (Base and Advance SAS Analytics)

Skills: SAS, STATA, SPSS, Atlas-ti.

Fieldwork: Nutrition and Supplementation of IFA tablets among adolescent girls provided by Municipality Schools under government of India, Sewri, Mumbai

Dissertation Title: "A Comparative analysis of psycho-social and clinical features in patients with Young- and Late-onset Dementia in India".

APRAJIT JHA

Email id: aprajit1993@gmail.com

Contact Number: 9769330638

Qualification: B.Sc. Statistics (Honours), Presidency University, Calcutta

Skills: Microsoft Office, SPSS, STATA, SAS, MINITAB, MLWIN, JAVA, C

Work Experience/Internships - Clinical Research Department, Worked on Sample Size Calculation, Randomization and Blinding Methods, BIOGENOMICS, (Intern)

Fieldwork: Community Exposure on Water and Sanitation Facilities during Monsoons in Mumbai Slums

Dissertation Title: "Association of HIV-related sexual risk behavior with the mental health conditions among Men Sex Men (MSM) in Maharashtra, India" (*Topic might change*)

RITUPARNA GHOSH

Email id: ghoshrituparna1993@gmail.com

Contact Number: 9819276228

Qualification: B.Sc. (Hons.) Statistics, Calcutta University; Certified course (Biomedical Ethics)

Skills: Microsoft Office, SPSS, STATA, SAS, MINITAB, MLWIN, Biomedical Ethics

Work Experience/Internships - End line Evaluation of Adolescent Health Program of Tata Steel Rural Development Society; Qualitative Assessment of Gram Varta Program implemented by Women Development Corporation, Government of Bihar

Fieldwork: (1) Endline evaluation of RISHTA project by TSRDS, Tatanagar (2) Assessment of Gram Varta by WDC, Patna

Dissertation Title: "Health Insurance as an coping strategy to health expenditure in India: an Instrumental variable approach"

TEJAL RAVINDRA LAKHANI

Email id: tejallakhan@gmail.com

Contact Number: 9870202606

Qualification: B.Sc. (Hons.) Statistics, Mumbai University

Skills: Microsoft Office, SPSS, SAS, STATA, Atlas ti

Fieldwork: Nutrition and Supplementation of IFA tablets among adolescent girls provided by Municipality Schools under government of India, Sewri, Mumbai

Dissertation Title "Polycystic Ovarian Syndromes (PCOS) and its associated complications among adolescent and young girls: A study in Mumbai city"

Masters of Population Studies (MPS)

PRIYANKA YADAV Email id: yadav.priyankyadav@gmail.com Contact Number: 7081974940

Qualification: M.A. (Sociology), Lucknow University; B.A. (Anthropology, Psychology, English)

Skills: Microsoft Office , SPSS, SAS, STATA, Atlas ti

PARUL PURI Email id: parulpuri93@gmail.com Contact Number: 8291585640

Qualification: M.Sc. (Health Statistics), Division of Bio-statistics, Institute of Medical Science, Banaras Hindu University; B.Sc. (Maths, Physics, Statistics)

Skills: SPSS, STATA, MS Excel

Work Experience/Internship: Cox-Proportional hazard model to assess the determinants of Infant Mortality, National Institute of Medical Statistics, Indian Council of Medical Research, New Delhi (Intern)

Fieldwork: Hospital based survey at Sir Sunderlal Hospital, BHU, Varanasi; Community Based survey in Varanasi.

Dissertation Title (1)"Multivariate Cox Proportional Hazard model to assess the determinants of Infant Mortality in India". (2)"Prevalence of Low Birth Weight and effect of Anthropometric variables over birth weight: an experience studied at S.S. Hospital, Varanasi, UP." (3) "Assessment of Predictors of Low Birth Spacing in India: A Cross sectional experience."

PIYUSH YADAV Email id: yadav.piyush777@gmail.com Contact Number: 8268049782

Qualification: M.Sc. (Bio-statistics), Lucknow University, B.Sc Mathematics, Statistics, Physics, University of Lucknow

Skills: SPSS , STATA , R, MS Excel

Work Experience/Internships - (1) Data Analyst, Trainee under IT Division of organization Community Empowerment Lab

Fieldwork: Data collection of new born Baby in Raebareli district, U.P

Dissertation Title: "Project on Prevalence of Overweight and Obesity in Lucknow -It's Relationship with Associated Lifestyle Factors"

DEVENDRA MISHRA Email id: dmishra.official@gmail.com Contact Number: 9454187422

Qualification: M.Sc. (Health Statistics), Institute of Medical Sciences, Banaras Hindu University, Varanasi ; B.Sc. (Statistics, Mathematics and Physics), Dr. Harisingh Gour University, Sagar

Skills: SPSS, Excel, QGIS

Work Experience/Internships - School of Basic Sciences, Indian Institute of Technology, Mandi (Intern)

Dissertation Title (1)“Assessment of Spatio-temporal Pattern of Disease Outbreak in India: Based on IDSP Reporting” (2) “A Study on Nutritional Status among Research Scholars of Banaras Hindu University”

ARDHENDU BANERJEE Email id: rana.ardh1024@gmail.com Contact Number: 9932149332

Qualification: M.Sc. (Statistics), University of Burdawan,WB; B.Sc. (Hons.) Statistics

Skills: R, SPSS

Work Experience/Internships - Guest Lecturer, MID

Dissertation Title “Car Data Analysis”

TUSHAR GAIKWAD Email id: gaikwad.tushar25@gmail.com Contact Number: 8888183216

Qualification: M.S. W. (specialization in Rural Development); B.Com, Dr. Babasaheb Ambedkar Marathwada University, Maharashtra

Skills: MS Office, SPSS

Fieldwork: (1) Rajasthan Livelihood Mission (RAJEEVIKA) Dungarpur (Dist.), Rajasthan ;(2) Dalit Sangh Suhapur, Housangabad (Dist.), Madhya Pradesh; (3) TISS Action Project Begda (Vill.), Osmanabad .

Dissertation Title “Physical Education In High Schools: A Study in Tuljapur Block”

SUMANA ACHARYA Email id: sumonarocks007@gmail.com Contact Number: 8108494045

Qualification: 4- year integrated B.A-B.Ed. (Hons.) Geography, M.A. (Applied Geography), Ravenshaw University, Odisha

Skills: Arc GIS , MS Office

Work Experience/Internships - (1) Kalinga Institute of Social Sciences, Bhubaneswar(Intern) (2) Kendriya Vidyalaya, Bhubaneswar (Intern)

Fieldwork: Poverty survey in Dhenkanal district of Odisha

Dissertation Title: "Changing patterns of work participation in Odisha: A regional analysis"

_SHREYA SINGHAL Email id: shrya22@gmail.com Contact Number: 8853102054

Qualification: M.Sc. (Bio-statistics), University of Lucknow; B.Sc. (Statistics and Mathematics), University of Lucknow ; NIELIT 'O' Level , UPTEC, Lucknow

Skills: STATA , SPSS

Work Experience/Internships - Community Empowerment Lab, Data Analyst Trainee under IT Division (Intern)

Fieldwork: Practices of Menstrual Hygiene among Adolescent Girls ,Lucknow

Dissertation Title: "Comparative Study on Public and Private Girls' School for Practices of Menstrual Hygiene among Adolescent School Girls in Lucknow district of Uttar Pradesh"

MUKESH KUMAR GUPTA Email id: mukeshnisthula@gmail.com Contact Number: 9489594925

Qualification: Integrated M.Sc. (Economics), Pondicherry Central University, PGDCA, PGDIR & LL

Skills: SPSS, Eviews, Rats, MS Office

Dissertation Title ‘‘A Study on Structural Change in Industrial Economy of India’’

SHEKHAR SAROJ Email id: shekhar15894@gmail.com Contact Number: 9452909947

Qualification: M.A. Economics (Specialisation in Environment Economics), Banaras Hindu University , Varanasi; B.A. (Geography, Political Science, English)

Skills: Excel , SPSS

Fieldwork: Health related problem by the industrial pollution, Varanasi; Hand wash related problems and awareness, Varanasi

Dissertation Title: "Impact of Industrial Pollution on Human Health"

ROSHNA RAGHUNATH GAWAS Email id: roshnagawas@gmail.com Contact Number: 9637769012

Qualification: M.A. Geography, University of Pune, Pune; B.A. (Geography, Political Science, English), Goa University

Skills: Microsoft Office, Arc GIS

Fieldwork: (1) Socio-economic Survey in the slums of Pune (2) Environmental survey in Marcela Village, Goa

Dissertation Title: "Solid Waste Management: A case study of Marcela & surrounding areas".

JAMSHAPHRANG POHTAM Email id: jameswalmertyan@gmail.com Contact Number: 9967562167

Qualification: M.A. Social work , Tata Institute of Social Sciences (TISS), Guwahati, Assam; B.S.W., Martin Luther Christian University, Shillong Meghalaya

Skills: Analytics, Reporting

Fieldwork: (1) Children in slum areas of Guwahati city (2) Tribal Social Movement (3) Promotion of Organic farming movement (4) Ownership and participation in Agar and Bamboo plantation project (5) Organic farming movement (6) Street Children in the vicinity of Shillong city (7) Rural community practicality (8) Role of Community based organization in promoting the welfare of farmers (9) People living with HIV

Dissertation Title: (1) Study on the life narrative of Khasi Traditional Healers in War Jaintia Community with reference to changing context in Khasi society, West Jaintia hills, Meghalaya (2) A study on the contribution of MGNREGA towards socio-economic development of beneficiaries in War Jaintia community with special reference to Jarain and Nongtalang village, West Jaintia Hills, Meghalaya

SOFIA ZAKIR Email id: sofiazakir123@gmail.com Contact Number: 8724013021

Qualification: M.A in Geography, Dr. Hari Singh Gour University, Madhya Pradesh; B.A. Geography, B.Borooah College, Gauhati University, Assam

Skills: Remote Sensing and ARC GIS, ERDAS, MS Office and MS Excel

Dissertation Title (1) Food and Nutrition Status of Bararu Village, Sagar (2) Socio-Economic Condition of Shani Singanapur Village, Maharashtra ;(3) A Report on the Socio-Economic Condition of Rangli Block, East Sikkim.

SUNIL DUTT Email id: suniliips1995@gmail.com Contact Number: 9969277040

Qualification: M.A. Sociology; B.A. (Economics, History, Sociology), Hemantinandan Bahuguna Gadwal University

Skills: MS Office

Fieldwork: Social and Biological problems amongst elderly

KOUSTAV GHOSH Email id: koustav2020@gmail.com Contact Number: 8101008044

Qualification: M.A Geography, Dr. Harisingh Gour University, Madhya Pradesh; B.A Geography, Chandrapur College, The University of Burdwan , West Bengal

Skills: Remote Sensing & GIS ; Microsoft Office , DITA in Computer Application

Fieldwork: A case study in Chandrapur Mouza; Burdwan, West Bengal; Food and nutritional status in Bararu village, Sagar ,Madhya Pradesh

Dissertation Title: (1) Food and Nutrition Status of Bararu village, Sagar (M.P); (2) Socio Economic survey of Chandrapur Mouza.

PRAVAT BHANDARI Email id: pravat784@gmail.com Contact Number: 9775723955

Qualification: M.A. Geography, Vidyasagar University, Midnapore, West Bengal; B.A. Geography, Kharagpur College, Affiliated to Vidyasagar University, Midnapore, West Bengal.

Skills: Microsoft Office, SPSS, Arc GIS, ERDAS, Corel Draw

Fieldwork: Availability of basic urban amenities in Gangtok town, Sikkim ; Economic status of some selected ward in urban fringe areas of Midnapore town, West Bengal

Dissertation Title (1) "Green Audit of University Campus: Vidyasagar University" (2) "Urban Health Assessment on Gangtok Town, Sikkim"

ITISHREE NAYAK Email id: itishreenayak1690@gmail.com Contact Number: 8108494079

Qualification: M.Phil. Statistics, Utkal University, Bhubaneswar; M.A. Statistics, Utkal University, B.A. Economics (Hons.), Utkal University

Skills: C++, C

Dissertation Title "Estimation of Reliabilities using exponential method: A Case Study on Thermal Power Plant in ODISHA"

SHUBHAM NIGAM Email id: nigam.shubham16925@gmail.com Contact Number: 9889603974

Qualification: M.Sc. Biostatistics, University of Lucknow; B.Sc. (Maths, Statistics , Computer Science), University of Lucknow

Skills: SPSS ,R ,STATA MS-Excel, C, Java, Oracle

Work Experience/Internships - Methodological study of the EAQ project of PSI India, Database format design and data entry in MS-Excel, Statistical Analysis of data to discover useful information to support decision making in project progress.

Dissertation Title "Prevalence of Overweight and Obesity in Lucknow: It's Relationship with Associated Lifestyle Factors"

PURVI SANGANI Email id: purvigsangani@gmail.com Contact Number: 9561610361

Qualification: M.A. Clinical Psychology , B.A., Psychology, Economics, Communicative English, Rashtrasant Tukdoji Maharaj Nagpur University

Skills: NLP - Basics, Counselling and therapies, MS Office and MS Excel

Work Experience/Internships - Interned under Dr. Sudhir Bhave (Psychiatrist)

Dissertation Title (1) "Personality Type and their Coping Strategies" (2) "Measuring Emotional Exhaustion(Burnout) and Personal Accomplishment among Nurses of Intensive Care and General Nurses"

AJINKYA KOTHAVALA Email id: aak.ajinkya@gmail.com Contact Number: 9503018991

Qualification: M.Sc. Statistics, Solapur University, Solapur , B.Sc. Shivaji University, Kolhapur

Skills: SPSS, STATA, R

Fieldwork: (1)"Students satisfaction for facilities provided by colleges in Sholapur city";(2) "Study of dropout of education in rural area."

Dissertation Title (1)"Dropout of education in rural area in Karveer tehsil, Kolhapur , Maharashtra" (2) Students satisfaction for facilities provided by colleges in Sholapur city"

RAVI PRAKASH JHA Email Id: ravijha0292@gmail.com Contact Number: 8090237759

Qualification: M.Sc. Health Statistics, Division of Bio-statistics, Institute of Medical Sciences, BHU, Varanasi; B.Sc. (Mathematics, Statistics and Physics), BHU, Varanasi

Skills: MS- Excel VBA, SPSS, STATA, Q GIS, Spectrum, Minitab, ITSM (Interactive Time Series Modeling) , R and R- Studio, SPSS

Work Experience/Internship:(1) Workshop on "Research Methodology;(2) Mini Workshop on Biomathematics;(3) Workshop on Uses of epidemiological and statistical methods in research;(4) . Awareness workshop on "International classification of diseases (ICD-10)"

Fieldwork: Study on the determinants of Birth Weight

Dissertation Title: (1)"Multivariate Cox Proportional Hazard model to assess the predictors of Child Mortality in India" (2)"Prevalence of Low Birth Weight and effect of Anthropometric variables over birth weight: An experience studied at S.S. Hospital, Varanasi, UP."

MITHUN MOG Email Id: mi2un90@gmail.com Contact Number: 7085408982

Qualification: Master in Rural management and development, Tripura University; Diploma in computer application; B.Com Maharaja Bir Bikram collage, Agartala.

Skills: TALLY

Work Experience/Internship: (1) Central project for model village; (2) National Rural Management Consultancy.

Fieldwork: (1) Tripura Bamboo Mission; (2) Placement for Mandwi Rural Development block.

Dissertation Title (1)"Measurement for transparency in rural local development bodies."

BIDITA DHAR Email Id: dharbidita@gmail.com Contact Number: 8967978214

Qualification: M.A. Geography, Sidho-Kanho-Bishra University, WB; B.Sc. Geography (Hons.), Burdawan University, WB

Skills: TNT mips, RS-GIS

Fieldwork: (1) A study on the transport network analysis of Purulia (2) A socio-economic analysis of riparian village- looking through the case of Bikrampur, Galsi, WB

Dissertation Title : "Transport network analysis of Purulia district"

YOGITA KHARKWAL Email Id: yogitakharkwal@gmail.com Contact Number: 9452877592

Qualification: M.Sc. (Health Statistics), Division Of Bio-Statistics, Institute Of Medical Science, Banaras, Hindu University, B.Sc. (Mathematics, Physics, Statistics)

Skills: SPSS, STATA, M.S. Office

Work Experience/Internship: "Predictors of home delivery in Orissa, India" based on NFHS-3, National Institute of Medical Statistics (Indian Council of Medical Research), New Delhi. (Summer Intern.)

Fieldwork: (1) Hospital based survey at sir sunderlal hospital , BHU, varanasi (2) Community survey in Lucknow.

Dissertation Title : (1)"Assessing Quality of Life of diabetic patients at community level" (2) "Knowledge and utilization of Antenatal Care Services among pregnant ladies who comes for institutional delivery"

M.Phil Biostatistics and Epidemiology

APURBA SHIL Email Id: apurba.shil316@hotmail.com Contact Number: 8291585630

Qualification: M.Sc. Health Statistics (Division of Bio-statistics), Banaras Hindu University; B.Sc. Statistics, Visva Bharati University, WB

Skills: SPSS, R, STATA, MS Excel.

Work Experience/Internship: Summer internship at National Institute of Medical Statistics-ICMR, Project: A Cox-Proportional hazard model to assess the determinants of Infant Mortality, India. Junior Research Fellow (JRF) in the Govt. sponsored project "Modelling Malaria and Dengue Prevalence in Mumbai" Department of Mathematics, IIT Bombay

Fieldwork: ICTC HIV testing centre (M.Sc. Dissertation)

Dissertation Title: (1) "A Multivariate Cox Proportional Hazard model to assess the determinants of Infant Mortality in India" (2)

"Assessment of socio-demographic & behavioural predictors of HIV infection among productive males: An unmatched case control study"

BALDEV SINGH KULASTE Email Id: baldevbhu@gmail.com Contact Number: 9867215942

Qualification: M.Sc. Biostatistics & Epidemiology, International Institute for Population Sciences, Mumbai; B.Sc. (Hons.) Statistics, Banaras Hindu University, Varanasi.

Skills: STATA, SPSS, SAS

Work Experience/Internship: Research Assistant, Project with UNICEF, IIPHG, Gujarat

Fieldwork: ICTC HIV testing centre (M.Sc. Dissertation)

Dissertation Title: "Pattern and Determinants of Sex Differentials in Nutrition and Child Health in Haryana"

CHANDREYEE DUTTA GUPTA Email Id: c.duttagupta11@gmail.com Contact Number: 8971060978

Qualification: MPH - Master of Public Health, Manipal University, Manipal; B.Sc. in Microbiology & Biochemistry (Double majors), St. Xavier's College, Mumbai

Skills: STATA, SPSS, SAS, ATLAS. ti, Scientific Report Writing.

Work Experience/Internship: Research Assistant, Assisting with clinical research using patient data and medical records, Kasturba Medical College & Hospital.

Fieldwork: (1) Immunization records collection from rural health centres (Part of Dissertation) (2) Regular field postings (PHC/CHC/Anganwadi etc.)

Dissertation Title: "Assessment of vaccine wastage at the level of service delivery in Udupitaluk, Karnataka: A cross sectional study"

DINESH CHAURASIYA Email Id: dineshbiostatistics@gmail.com

Contact Number: 8898276123

Qualification: M.Sc. Biostatistics and Epidemiology, International Institute for Population Sciences, Mumbai; B.Sc. Statistics, Mumbai University

Skills: SAS, STATA, SPSS, Arc GIS, MORTPACK4, SPECTRUM

Dissertation Title : (1) “Pattern of Communicable and Non-Communicable disease” (2) “Cooking Fuels and Its Impact on the Reproductive Health of Women”

DIPAK KUMAR DAS Email Id: dipakdhsi@gmail.com

Contact Number: 9167565576

Qualification: M. Sc Biostatistics and Epidemiology, International Institute for Population Sciences, Mumbai.

Skills: SPSS, STATA, GIS, SAS

Dissertation Title: “A Study of Morbidity Pattern in North-eastern States of India”

SUMIT KUMAR DAS Email Id: sumitdas382@gmail.com

Contact Number: 7506541081

Qualification: M.Sc. Biostatistics and Epidemiology, International Institute for Population Sciences, Mumbai; B.Sc. Statistics (Hons), Visva Bharati University, WB

Skills: SPSS, STATA, MLWIN, GIS, SAS, R

Dissertation Title: “Inpatient Health Expenditure and Epidemiological Transition in India”

M.Phil Population Studies

APYAYEE SIL Email Id: apyayeesil@yahoo.co.in

Contact Number: 9769330371

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.Sc. Statistics, Presidency University, Kolkata; B.Sc. Statistics, Asutosh College, Kolkata

Skills: STATA, SPSS, R, Minitab, Mlwin

Fieldwork: Availability and Utilization of Maternal Healthcare in Govandi West, Mumbai.

Dissertation Title: (1) “Statistical analysis on two treatments CARA design under informative censoring” (2) “Health Status, Healthcare Cost and Health Insurance in India”

BHAGYODAY KHANDARE Email Id: bhagyodaykhandare@gmail.com Contact Number: 8286890700

Qualification: MPS, International Inst for Population Sciences, Mumbai; MA/M.Sc. Geography, Shivaji University, Kolhapur; B.Sc. Geography (Hons), Shivaji University, Kolhapur

Skills: SPSS, STATA, Arc GIS,

Work Experience/Internship: Research Officer IIHMR

Fieldwork: (1) “Polling booth survey among currently married women in Uttar Pradesh” (2) "Bottleneck Analysis of Civil Registration Vital System in Chhattisgarh" (3) “Mapping and Listing of selected district in state of Chhattisgarh”

Dissertation Title: (1) “Tribal Migration in Maharashtra” (2) “3D Model of Shivaji University Kolhapur”

DEEPIKA PHUKAN Email Id: deephukan93@gmail.com

Contact Number: 9867256023

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.Sc. Statistics, Dibrugarh University; B.Sc. Statistics (Hons), Dibrugarh University.

Skills: Excel, R, STATA, SPSS, MOTPAK, SPECTRUM, ATLAS-TI, Analytics

Fieldwork: (1) A Study on Personal Hygiene and Sanitation in Ghatla Slum, Mumbai (2) Consumer Satisfaction of LPG Users, Jorhat.

Dissertation Title: (1) “Neonatal Deaths in India: Does Postnatal Care Matter?” (2) “A Problem of Classification: Discriminant Analysis versus Logistic Regression Model”

BHAWANA SHARMA Email Id: bhawana.sharma58@yahoo.com Contact Number: 8793543714

Qualification: MPS, International Institute for Population Sciences; MSW, Bharati Vidyapeeth Deemed University; B.A. Philosophy (Hons.), Sri Sathya Sai Institute of Higher Learning

Skills: SPSS, STATA, ANTHROPAK

Work Experience/Internship: Project Officer (Research) in Longitudinal Ageing Study in India (LASI), Mumbai; Program Associate (Research), All India Institute for Local Self Government, Pune

Fieldwork: (1) Health and Wellbeing of the Urban Poor, Mumbai (2) Watershed Management in villages of Pune (3) Women empowerment and children's education, Pune (4) Adolescent Friendly Health Clinics, Pune (5) Study on Commercial Sex Workers and Transgender, Budhvar Peth, Pune (6) Understanding the system of waste management in different dumping grounds, Pune

Dissertation Title (1) "Exploring Sexual Relational Satisfaction and Safe Sexual Practices among young men in low income communities of Mumbai" (2) "A study on Biomass Pellets: Alternate source of energy in Pune city"

CHAITALI MANDAL Email Id: chaitali.geo@gmail.com Contact Number: 9474517524

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.A Geography, Dr. Hari Singh Gour University, Madhya Pradesh; Diploma in Computer Science; B.A. Geography, University of Burdwan, Burdwan.

Skills: SPSS, STATA, MLwiN, MORTPAK

Work Experience/Internship: Field Investigator; Maharashtra, Madhya Pradesh, West Bengal

Fieldwork: (1) "Impact assessment of dumping ground fire on Health: A case Study in Mumbai" (2) "Understanding the Status and Situation of Secondary Education In Shantinagar, Mumbai" (3) "Livelihood Structure in Manpani Village" Sagar, Madhya Pradesh (4) "Socio-economic status of tribal population of Barda Mouza", Bankura District, West Bengal.

Dissertation Title "Gender Differentials in Work Participation, Distance Travelled and Mode of Transport Used in Top Tier Cities of India"

KUMAR PARIMAL SHRESTHA Email Id: parimalshrestha007@gmail.com Contact : 8879474298

Qualification: M.A., International Institute for Population Sciences, Mumbai; B.A. Geography (Hons.) Banaras Hindu University

Skills: STATA, SPSS, Mlwin

Fieldwork: "Social and economic problems faced in slums during festive seasons"

Dissertation Title: "Gender differential in short term and long term morbidity and their related expenditure on treatment in India"

DINABANDHU MAHATA Email Id: dinabandhumahata1991@gmail.com Contact Number: 8879879436

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.A Geography, Vidya Sagar University, WB; B.A Geography (Hons), Vidya Sagar University

Skills: Arc GIS, ERDAS, SPSS, STATA, MLWIN, MORTPACK

Fieldwork: (1) “Status of Migration and Growth of small city. A case study of Kharagpur” West Bengal (2) “Socio-Economic Condition and Health Outcomes” Puri, Odisha (3) “Rural urban interaction in light of man nature reciprocal relationship with the base of physical and socio-economic study in Ranchi and its surrounding Area” Ranchi, Jharkhand (4) Availability and Utilization of Maternal Healthcare, Govandi West, Mumbai.

Dissertation Title (1) “Spatial Temporal Changes and Urban Growth in Kolkata City” (2) “Status of Migration and Growth of Small City: A Case Study of Kharagpur”

GULSHAN KUMAR Email Id: kumargulshan630@gmail.com Contact Number: 9006162313

Qualification: MPS, International Institute for Population Sciences, Mumbai; Diploma in GIS, Ranchi University; M. A. Geography, Ranchi University; B.A Geography (Hons), Ranchi University.

Skills: Data Handling and Mapping, SPSS, STATA, Arc-GIS 10, QGIS, IGIS

Fieldwork: “Food security attainments and challenges”

Dissertation Title: “Urbanization and Development in Chhattisgarh, Jharkhand and Uttarakhand. ”

TANYA SHRIVASTAVA Email Id: tanya31191@gmail.com Contact Number: 8982793488

Qualification: M.A. Population Studies, International Institute for Population Sciences; BA (Hons.) Economics, Institute for Excellence in Higher Education

Skills: SPSS, STATA

Work Experience/Internship: Research Assistant , (1) Impact assessment for Rashtriya Chemical Fertilizers (2) Need assessment for safe water, NCSR, Tata Institute for Social Sciences, Mumbai.

Fieldwork: (1) Primary Data Collection in Emission Inventory (SAFAR– MUMBAI) (2) Health and health seeking behavior of working women in Govandi Slum (3) Life transition and happiness among elderly in old age homes of Mumbai

Dissertation Title: “Life transition and happiness among elderly in old age homes”

HARISH KUMAR Email Id: harishkmr91@gmail.com

Contact Number: 9769330816

Qualification: MPS, International Institute for Population Sciences, Mumbai; Course in Geo Information Sciences and Earth Observation, ITC, University of Twente, Netherlands; M.A Geography, Panjab University Chandigarh; B.A. D.A.V College Chandigarh

Skills: STATA, SPSS, ERDAS, Anthro Plus, MORTPAK, Mlwin, MS Office

Work Experience/Internship: Training Program “3rd Annual Indian Human Development Survey User Conference” Organized by National Council of Applied Economic Research (NCAER) and University of Maryland (U.S.A)

Fieldwork: Chronic Diseases and Health Seeking Behaviour Among Elderly Population in Panjrapol Slum, Mumbai.

Dissertation Title (1) "Understanding the Factors Determining Cognitive Abilities of Children in India" (2) "Spatial and Temporal Changes in Panjab University Campus from 2002-2012"

LAE EK AH EM AD SIDDIQUI Email Id: laeekraja@gmail.com

Contact Number: 8454078457

Qualification: M.A/M.Sc. International Institute for Population Sciences, Mumbai; B.Com, MGKVP University, Varanasi.

Skills: SPSS, STATA, ARC GIS, SPECTRUM, MORTPAK

Work Experience/Internship: Field investigator, Project entitled “SAFAR MUMBAI” An Air Pollution survey conduct by Ministry of Earth Science Government of India; Research Assistant, Shailesh J. Mehta School of Management, IIT Bombay; Summer internship, Institute for Social & Economic Change (ISEC), Bangalore.

Fieldwork: SAFAR Project, Mumbai

Dissertation Title "Continuum of maternal health care and its association with child immunization in India"

JATIN PHUKAN Email Id: phukan555@gmail.com

Contact Number: 8486052768

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.Sc. in Statistics

Skills: Large scale data handling, SPSS, STATA, R, Mlwin

Dissertation Title: “Nutritional Status of children in India.”

LIZA KUMARI GOUDA Email Id: liza.odisha@gmail.com Contact Number: 9987429070

Qualification: M.A, International Institute for Population Sciences, Mumbai; B.A Social work, Utkal University, Odisha; "O" level course

Skills: SPSS, STATA, MS Office

Work Experience/Internship: Cluster coordinator, Loharakhandi Sahitya Sansada (LSS), Bhanjanagar, Ganjam.

Fieldwork: (1) Child immunization in Slums of Govandi, Mumbai (2) Lifestyle of rural people in villages of Kandhamal district, Odisha.

Dissertation Title “Biasness in Maternal and Child Healthcare Services in Punjab and Maharashtra”

MADHUMITA BANGO Email Id: himadhu911@gmail.com Contact Number: 8902315792

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.A. Geography; B.Sc. Geography (Hons.), Calcutta University.

Skills: MS Office, SPSS, STATA, GIS

Fieldwork: (1) Field Investigator “Impact assessment of Dumping ground fire on Health: A case study in Mumbai” (2) Field Investigator “Availability and Utilization of Maternal Health care services in Govandi slum (west), Mumbai ”

Dissertation Title (1) "Trends and Determinants of Work Force Participation among Youth Workers and Non-workers in India" (2) “Changing Trend in the Work Participation of Tribal Women by their Education in some Selected States of India”

MANISH KUMAR Email Id: kumarmanishiips@gmail.com Contact Number: 9466094568

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.Sc. Statistics, Kurukshetra University; B.Sc. (Maths, Statistics, Physics), Kurukshetra University.

Skills: SPSS, STATA, MORTPAK, Mlwin

Work Experience/Internship: Internship at National Institute of Medical Statistics, ICMR, AIIMS, New Delhi.

Fieldwork: Chronic Diseases and Health Seeking Behaviour Among Elderly Population in Panjrapol Slum, Mumbai.

Dissertation Title "Neonatal mortality in the context of postnatal care"

MANOJ SAHU Email Id: sahumanoj40@gmail.com Contact Number: 9769329942

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.A. Applied Geography, Ravenshaw University, Cuttack; PGDCA, Plus technology, Bhawanipatna; B.A Geography (Hons), Govt. Autonomous College, Bhawanipatna.

Skills: SPSS, STATA, Arc GIS, Microsoft Office, GIS (Quantum Certified)

Fieldwork: (1) Maternal health and health care services, Govandi, Mumbai (2) Socio-economic survey of Khandia bandhi village, Jajpur.

Dissertation Title (1) “Internal Migration of Odisha with special reference to western Odisha” (2) “Spatial Pattern of Road Transport in Odisha”

MILAN DAS Email Id: milandas068@gmail.com Contact Number: 8652180213

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.A. Geography, Dr. Harisingh Gour University, Sagar; B.A, Burdwan University.

Skills: SPSS,STATA,MORTPAK,GIS

Fieldwork: (1) Livelihood options of Bidi making households, Mainpani village (2) Socio-economic survey of mal village, Jalpaiguri (3) Food Security Attainments and Challenges, Mumbai.

Dissertation Title (1) “Does inflow of remittances protect the Household from Catastrophic Health Expenditure in India? (2) “Livelihood Structure in Mainpani Village” (3) “Socio-Economic Characteristics and Land use Patterns at Mal villages in Jalpaiguri”

MOHAMMAD SAJID Email Id: sajid.islamazmi@gmail.com Contact Number: 9702736596

Qualification: M.A Population Studies, International Institute for Population Sciences, Mumbai; B.A. Political Sciences (Hons.), Aligarh Muslim University.

Skills: MORTPACK, SPECTRUM, STATA, SPSS, MS Office

Fieldwork: “Male participation in women’s health”

Dissertation Title “How healthy are our towns and cities: An assessment of health and mortality risks amongst children in Uttar Pradesh”

NAVTEZ SINGH Email Id: navteziips@gmail.com Contact Number: 8879307041

Qualification: M.A Population Studies, International Institute for Population Sciences, Mumbai; B.A (Hons) Geography, BHU, Varanasi

Skills: STATA, SPSS

Fieldwork: Dumping ground survey in Mumbai

Dissertation Title “Effect of MGNREGA on Employment Opportunities, Wages and Standard of Living in Rural India”

NUTAN KUMARI Email Id: nutan.dudi@gmail.com Contact Number: 9833289273

Qualification: M.A Population Studies, International Institute for Population Sciences, Mumbai; B.A. (Hons) Geography, Shivaji College, Delhi University.

Skills: SPSS, STATA, ATLAS ,MIwin, Spectrum and Mortpak

Fieldwork: Understanding Water and Sanitation Facilities and its Impacts on Health, Gautam Nagar, Govandi West, Mumbai.

Dissertation Title “Abortion and its Socio-Demographic and Health Correlates”

PARAMITA DEBNATH Email Id: paramitadebnath21@gmail.com Contact Number: 9833289354

Qualification: M.A Population Studies, International Institute for Population Sciences, Mumbai; Completed an online course in the International Women's Health and Human Rights (IWHHR) from Stanford University. B.A. (Hons) Geography, Shivaji College, Delhi University.

Skills: Stata, SPSS, Spectrum, ML win, Mortpak, Anthropac, Atlas Ti, Nvivo, GIS And Cartographic Techniques.

Work Experience/Internship: International Center For Research On Women (ICRW), South East Asian Regional Center in India.; “Rain water Harvesting Techniques for Development in Nagaur District, Rajasthan”.

Fieldwork: Rain water Harvesting Techniques for Development in Nagaur District, Rajasthan

Dissertation Title “Violence against women in modern times in India: a state level analysis of census-2011, NCRB 2004-2014, SRS 2001- 2013 and NFHS-3 data”

PRADEEP KUMAR PAL Email Id: pradeep.bhu10@gmail.com Contact Number: 9769322362

Qualification: B.Sc. (Statistics, Mathematics) M.G.K.V.P University; M.Sc. Statistics, Banaras Hindu University, Varanasi

Skills: R, SPSS, STATA, FORTRAN and Win Burg, MORTPAK, Spectrum, Atlas-Ti, ML-WIN, Microsoft office

Work Experience/Internship: “Social Networking Sites of Banaras Hindu University hostel student, Varanasi, India

Fieldwork: Chronic Diseases and Health Seeking Behaviour Among Elderly Population in Panjrapol Slum, Mumbai.

Dissertation Title “Association of Teenage Pregnancy with Women’s Health in India”

PRASANNA KUMAR MUDI Email Id: prasannamudi@gmail.com Contact Number: 8763933406

Qualification: M.A population studies, International Institute for Population Sciences, Mumbai

Skills: SPSS, STATA, MORTPAK

Fieldwork: Community Festival as a Platform for Communicating Social Messages: Opportunities And Potentials Of Ganesh Mandals In Mumbai.

Dissertation Title “Antenatal Care and its Association with Child Immunisation and Institutional Delivery: A Comparative Study on Andhra Pradesh and Telangana States”.

PRAVIN KUMAR SINGH Email Id: pravinkumarsingh75@gmail.com Contact Number: 9769322812

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.Sc. Statistics and Computing, BHU, Varanasi.

Skills: SPSS, STATA, R, R STUDIO

Dissertation Title (1) Analysis of some effective factor of waiting time of first birth interval in Orissa state. (2) Substitution effect in consumption in India and its contribution to inequality.”.

RAJAN RAM Email Id: rrajanrps@gmail.com Contact Number: 8652743748

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.A Geography, Banaras Hindu University; B.A Geography, Defence & Strategic studies, Veer Bahadur Singh Purvanchal University, Jaunpur

Skills: SPSS, STATA, ATLAS.ti

Fieldwork: A study on personal hygiene and sanitation in Ghatla slum, Mumbai

Dissertation Title “Quality of Life Among Elderly in India and its Selected States”

RATNA PATEL Email Id: ratnapatelbhu@gmail.com Contact Number: 9769330105

Qualification: MPS, International Institute for Population Sciences, Mumbai; M. A. in Economics, BHU, Varanasi; B. A. (Hons) in Economics, BHU, Varanasi.

Skills: MLwiN, SPSS, STATA, MORTPAK

Fieldwork: Conducted fieldwork in the urban backward area of Varanasi city to study pattern of infant mortality.

Dissertation Title Role and Impact of Social Capital on Health and Well-Being of Older Adults in India.

SAMEER KUMAR JENA Email Id: sameerkumarjena4@gmail.com Contact Number: 8898960426

Qualification: M.A in Population Science, IIPS; B.A in Political Science, Utkal University

Skills: SPSS, STATA

Fieldwork: Community Festival as a Platform for Communicating Social Messages: Opportunities And Potentials Of Ganesh Mandals In Mumbai.

Dissertation Title “Dimensions of Women’s Autonomy and its Influence on Maternal Health Care Utilization, Fertility Preference and Contraception Use”

SHATRUGHAN PRASAD Email Id: prasadshatrughan51@gmail.com Contact Number: 9769419532

Qualification: M.A, Population Studies, IIPS, Mumbai; B.A (Hons) Economics, BHU, Varanasi

Skills: SPSS, STATA, MS Office

Work Experience/Internship: ISEC, Bangalore, On Maternal Health of Madhya Pradesh

Fieldwork: Child Health Status of Govandi`s communities, Mumbai

Dissertation Title “Educational Expenditure and its Impact on dropout in India”

SNIGDHA BANERJEE Email Id: 92snigdhabanerjee@gmail.com Contact Number: 9434331588

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.Sc. Geography, Lady Brabourne College, Calcutta University; B.Sc.(H) Geography, Gokhale Memorial Girls College, Calcutta University.

Skills: SPSS, STATA ,GIS

Fieldwork: Sanitation and Hygiene in Ghatla area of Mumbai

Dissertation Title (1): Prevalence of Obstetric Morbidity and Health Seeking Behavior Among Currently Married Women Study for Andhra Pradesh; (2): Women empowerment through Self-Help group in Churila village, Asansol.

SREERAMUDU KURUVA Email Id: sreeramudukuruva@gmail.com Contact Number: 9819276929

Qualification: M.Sc. Population Studies, International Institute for Population Sciences, Mumbai; B.Sc. Geography (Hons), Central University of Karnataka.

Skills: SPSS, Stata, Mortpak, Spectrum

Fieldwork: Male participation in women's health

Dissertation Title (1) Women`s Nutritional Status and its Linkage with Obstetric Complication;(2) Urban slum and adolescent health

SUSHANT KUMAR MANDAL Email Id: sushantbhu786@gmail.com Contact Number: 9768526089

Qualification: M.A Population Studies, International Institute for Population Sciences, Mumbai; PGDRS, Banaras Hindu University; B.A Geography, Banaras Hindu University

Skills: Arc GIS, STATA, SPSS, MLWiN, ERDAS Imagine, SPECTRUM, MORTPAK, MS-Office

Work Experience/Internship: Pop. Environment & Settlement under Ministry of Environment” in the PopEnvis ,IIPS, Mumbai

Dissertation Title “Population change, land use and land cover and health infrastructure of thane districts.”

SUYASH MISHRA Email Id: suyashmishra1592@gmail.com Contact Number: 9769332498

Qualification: MPS, International Institute for Population Sciences, Mumbai; M.Sc. Bio-statistics, Lucknow University; B.Sc. Physics, Mathematics, Statistics, National P.G. College, Lucknow

Skills: SPSS, STATA, MLwiN

Fieldwork: (1) Living condition of slum dwellers & livelihood opportunities after rehabilitation in Panjrapol slum. (2) Assessing the impact of referral services in use of Postpartum Intrauterine Contraceptive Device

Dissertation Title “(1) Sex differential in prevalence of Obesity and its associated factors in India; (2) Analysis of Benign Breast disease”

RICHA KUNDU Email Id: richakundu483@gmail.com Contact Number: 8879605190

Qualification: B.A. Geography (Hons), Kamla Nehru College, Delhi University; M.A Population Studies, IIPS, Mumbai.

Skills: SPSS, STATA, MORTPAK, SPECTRUM, GIS, ATLAS TI, ANTHROPACK, MLWiN, Cartographic Techniques.

Fieldwork: Community Festivals -As a platform for creating social awareness: Opportunities and Potentials of Ganesh Pandals in Mumbai.

Dissertation Title “Acceptance of Daughters in India: An Analysis of 'Daughter-only' Families in Selected States of India”

VAZIDA ANSARI

Email Id: vazii.112@gmail.com

Contact Number: 9428504283

Qualification: MPS, International Institute for Population Sciences, Mumbai; MA Social Work with specialization in Rural Development, Tata Institute for Social, Sciences, Tuljapur; B.Com with specialization in Accountancy, Maharaja Sayajirao University, Vadodara.

Skills: SPSS, STATA

Work Experience/Internship: Block Project Manager, Bihar Rural Livelihoods Promotion Society; Assistant State Project Manager, Gujarat Livelihood Promotion Company Ltd, Skill Training and Candidate Mobilization. Issues of Unorganized sector laborer's (brick kiln workers), Prayas Organization, Ahmadabad, (Intern); Tribal issue for implementation of Forest Right Act, Rajpipla Social Service Society, Rajpipla. Gujarat (Intern); Elderly people and Children, Missionaries of Charities, Vadodara. Gujarat (Intern)

Fieldwork (1) AJJA (Adivasi Jungle Jan Jivan Andolan), Dadra & Nagar Haveli (DNH): Community Resource mapping & Awareness building among Tribals of DNH under Forest Right Act (community forest land rights) (2) AAAS (Ahmi Amchya Arogya Sathi), Gadchiroli, Maharashtra: Worked with Self Help Groups and on issues like rehabilitation of person with disability (PWD), livelihood & educational programmes & health services (3) MASM (Maliyagiri Adivasi Sanghash Manch), Orissa : Understanding rural tribal settings as well as urban slums of Orissa and worked on issues like Forest Right Act (FRA), Public distribution system (PDS), Elephant Destruction, ICDS and MGNREGA (3) Impact of MGNREGA on people of Bhilwara district and awareness building among people about MGNREGA.

Dissertation Title (1) "Employment, Education and a perspective for 'Make in India'" (2) "Working and living condition of salt pan workers- A study in Little Rann of Kutch, Gujarat."

RONNY THOMAS ABRAHAM

Email Id: ronny.sth93@gmail.com

Contact Number: 9619470321

Qualification: M.A. Population Studies, International Institute for Population Sciences, Mumbai; B.A. Political Science (Hons.), Madras Christian College, Madras University.

Skills: STATA, SPSS, MORTPAK, Spectrum, N Vivo, Atlas ti.

Work Experience/Internship: Study on Government's focus on youth in India, ISEC Bangalore (Intern)

Fieldwork: Data collection for dissertation from Deonar dumping ground, Mumbai

Dissertation Title "Situation Analysis of Smoke Breakout in Deonar Dumping Ground, and its implications on health and living conditions within the proximity of Deonar dumping ground, Mumbai"

बेहतर भविष्य के लिए क्षमता निर्माण
Capacity Building for a Better Future

INTERNATIONAL INSTITUTE FOR POPULATION SCIENCES

Capacity Building for a Better Future

PLACEMENT BROCHURE

2017-2018

[International Institute for Population Sciences, Govandi Station Road, Deonar, Mumbai, 400088]

An Advanced Research Institute under the Administrative Control of Ministry of Health & Family Welfare, Govt. of India.

About the Institute

In 1956, the United Nations, the Government of India and the Sir Dorabji Tata Trust, jointly established the Institute to serve as a regional center for teaching, training and conducting research in the area of population studies in the ESCAP region. Prior to 1970, the IIPS was popularly known as Demographic Training and Research Centre (DTRC). Institute was declared Deemed University on August 15, 1985. The Institute is an autonomous institution under the administrative control of the Ministry of Health and Family Welfare, Government of India. Institute offers academic courses in population sciences to train students in demography, population, health and social sciences. Training programmes and consultancy services to government and non-governmental organizations and other academic institutions are also part of the activities of the institute. The Institute also undertakes large-scale nationwide demographic and health surveys.

The IIPS has helped in building a nucleus of professionals in the field of population and health in various countries in the ESCAP region. During the past 50 years, students from 42 different countries of Asia and the Pacific region, Africa, and North America have been trained at the Institute. Many, who are trained at the Institute, now occupy key positions in the field of population and health in governments of various countries, universities and research institutes, as well as in reputed national and international organizations.

Objectives of the Institute

- To train persons from India and other countries in the field of population studies, public health issues and development issues.
- To undertake scientific research on population problems which are of special importance to India and other countries.
- To collect, organize and disseminate demographic information about the population of India and other countries of the world.
- To provide services of research, evaluation, training, consultation and guidance related to population problems to government departments, public corporations or private establishments.
- To undertake, organize and facilitate study courses, conferences, lectures, seminars and the like to promote the aforesaid objectives.
- To undertake and provide for publication of journals and research papers, books and to maintain libraries, data centre and information service in furtherance of the objectives of the institute.

Mission and Vision of the Institute

Mission: "The Institute will strive to be a centre of excellence on all population and relevant issues through high quality education, teaching and research. This will be achieved by (a) creating competent professionals, (b) generating and disseminating scientific knowledge and evidence, (c) collaboration and exchange of knowledge, and (d) advocacy and awareness.

Vision: "To position IIPS as a premier teaching and research institution in population sciences responsive to emerging national and global needs based on values of inclusion, sensitivity and rights protection."

Functions of the Institute

Teaching

The Institute presently offers the following regular teaching programmes:

M.A. /M.Sc. Programme in Population Studies

Master of Science in Biostatistics and Demography

Master of Population Studies (MPS)

Master of Philosophy (M.Phil.) in Population Studies

Master of Philosophy (M.Phil.) in Biostatistics and Demography

Doctor of Philosophy (Ph.D.) in Population Studies

Doctor of Philosophy (Ph.D.) in Bio-Statistics & Demography

Master of Population Studies (MPS) (Distance Learning)

Diploma in Health Promotion Education (DHPE)

Post-Doctoral Fellowship (P.D.F.)

Research

Apart from the teaching activities, the Institute also conducts a large number of research projects on various aspects of population and health. The Institute also undertakes evaluative studies and large-scale surveys. Emphasis is given on studies related to inter-relationship of various social and economic variables of the components of population change such as fertility, mortality, migration and health complexities. Institute had conducted many important surveys like National Family Health Survey (NFHS), District Level Household Survey (DLHS), Concurrent Evaluation of National Rural Health Mission (NRHM), YOUTH in India, Global Adult Tobacco Survey (GATS India), and Research and Intervention Sexual Health : Theory to Action (RISHTA Project), Study on Global Ageing and Adult Health (SAGE) and Longitudinal Ageing Study in India (LASI)

The research projects of the Institute are funded by the Ministry of Health and Family Welfare, Government of India and also by the State Governments, World Bank, United Nations Population Fund, UNICEF, World Health Organization, International Labour Organization and other Government and Non-Government organizations.

Consultative Services

The Institute provides consultancy services and undertakes special studies on problems related to population at the request of the Government, the United Nations and other specialized agencies. Given the expertise of the staff in various areas of population, health, research methodology, etc., an active effort is being made to let the organizations which need short term consultancy services, know about the availability of persons.

Programs and Courses Offered

M.A/M.Sc. Population Studies

This is two year program designed to provide in-depth knowledge of the linkages between population and various dimensions of socio-economic, health and environmental development. This programme provides analytical skills to students with rigorous hands-on training of SPSS, STATA, MIWiN, GIS and large scale data handling. Program requires successful competition of 16 main papers in the area of population and demography, optional papers and a dissertation. Students are also trained in Research Methodology which includes successful completion of field work.

M.Sc. Bio-Statistics and Demography (MBD)

This is two year program which provide knowledge and understanding of modern statistical, demographic and epidemiological methods which includes their applications in all areas of public health, demography, and social sciences. The program provides data handling and analytical skills with rigorous hands-on training of SPSS, STATA, MLwiN, R, SAS and GIS. This program requires successful competition of 17 main papers; optional papers and a dissertation. Opportunities are given to develop consultancy skills which are much valued by employers. Students are also taught Clinical Trails as a separate subject.

Masters of Population Studies (M.P.S.)

M.P.S. is a one year program, for those who already have masters' degree, designed to provide a higher level of understanding of the population sciences. This program mainly consists of tools and techniques of Demography. Program requires successful competition of 15 main papers in the area of population and demography, optional papers and one research paper. The program provides data handling and analytical skills with rigorous hands-on training of SPSS, STATA, and MLwiN.

Masters of Philosophy in Population Studies/Biostatistics & Demography (M.Phil.)

M.Phil. Programme of one year duration include course on advanced research methodology, survey of literature, and one optional paper from core area of population studies. The research methodology course consists of wide knowledge of techniques in social science research, design, sample size techniques and content of large scale surveys e.g. DHS, WFS, NFHS, RCH, BSS, MICS, NSSO, IHDS, LASI, SAGE, etc. This program includes rigorous practical work as quantitative and qualitative data analysis and econometrics modelling using SPSS, STATA, and MLwiN. The second semester is devoted to the writing of dissertation. Students are highly encouraged for conference participation related to their research work. Students enrolled in this program are mostly completed a master program in Population Studies/Bio-statistics

Main papers offered in different programs

Mathematical Methods	Basics of Human Biology	Historical Demography
Economic & Geography	Fertility and Nuptiality	Social Science Concepts and Issues
Advanced Research Methodology	Demographic Methods	Introduction to Demography
Sociology, Psychology and Anthropology	Introduction to Biostatistics & Epidemiology	Survey of Literature and Critical review
Introduction to demography and sources of demographic data	Population Policies and Programmes	Mortality, Morbidity and Public Health
Survival Analysis	Public Health and Mortality	
Application of Statistical and Demographic Packages	Epidemiological Methods	Population and Development
Concepts and Measures of Global Health	Sampling Techniques in Health & Demographic Surveys	Migration, Spatial Distribution and Urbanization
Biostatistics	Advanced Statistical and Computer Applications	Demographic Models and Indirect Methods of Estimation
Population Projections	Applied Multivariate Analysis	Population Ageing
Reproductive Health	Demographic Models	Evaluation and Adjustment of Data
Gender Issues	Healthcare Systems and Policies	Methods in Clinical Trials
Evaluation of Health and Family Welfare Programme	Basic Statistical Methods for Population Studies	Indirect Estimation Techniques and Demographic Models

Optional Papers

Biostatistics and Epidemiology	Fertility and Reproductive Rights	Urban and Regional Planning
Gender, Development and Health	Migration, Urbanization and Development	Population Ageing
Operation Research Methods	Business Demography	Population and Sustainable Development
Health Economics & Health Financing	Social Welfare Policies and Development	

The academic programs at IIPS necessitates students to familiarize themselves with software and data analysis packages like STATA, SPSS, R, SAS, MORTPAK, MIWiN, MATLAB, Arc GIS, ERDAS,NVivo, Atlas-Ti etc. Students analyze different large scale datasets like NFHS, DLHS, IHDS, SAGE, LASI, NSSO etc. with these software packages. This enhances students' conceptual and analytical reasoning power.

Thesis, Term paper, Assignments and Fieldwork

Thesis, term paper and assignments are an integral part of the evaluation process different programs offered in IIPS. They are an important and necessary value additions to the students' understanding of the subject. Assignments and presentations has 20% weight in overall evaluation of performance during the course.

➤ Application of Theory

Application of an appropriate analytical framework, along with empirical evidence, is a sure test of the students' understanding of concepts at hand. Empirical analysis is carried out using highly advanced econometric packages which create a bridge between theory and application.

➤ Fieldwork

Students generally form groups for data collection as fieldwork in different areas of Maharashtra under different topics of population and health. This approach incorporates a spirit of teamwork, learning and knowledge sharing. It allows for discussion and expose to different perspectives and situations which provides a more realistic picture of the problem. Data is analyzed with different software and results are presented to a panel of experts. Field visiting and primary data collection is compulsory for different courses taught in the institute.

➤ Presentation

Presentations are an integral part of different programs of the institute. Students are assigned for presentations on different topics as part of every paper being taught during the course. At the final stage of thesis and term paper, students are required to present their findings to a panel of experts and peers. In the process they are exposed to multiplicity of questions related to chosen topic. This ensures a better comprehension of the concepts and also trains them to present their ideas in a concrete and logical manner.

Student Profile

Batch of 2017-18

Master of Philosophy (M.Phil) in Biostatistics and Demography

Master of Philosophy (M.Phil) in Population Studies

Master of Population Studies (MPS)

Master of Science in Biostatistics and Demography (MBD)

M.A./M.Sc. Programme in Population Studies

M.Phil. Bio-Statistics and Demography

Arpit Singh
singh.arpit.lko@gmail.com
Phone No. - 9795470753

Qualification - M.Sc. in Bio-Statistics

Internship - Community Empowerment Lab

Area of Interest - Nutrition, Child Health and Child Development

Skills - MS Office, SPSS, STATA, R, Arc Gis ,Tableau, Mlwin

Languages Known - English, Hindi

Fieldwork - Data monitoring and data validation.

Presentation: 2 Oral paper Presentation at IPECS -2018 , Poster paper Presentation at IASP-2017, Oral paper Presentation at ICCMS - 2017.

Work Experience: Data Analyst in Community Empowerment Lab under 4 projects.

Qualification - M.Sc. In Bio-Statistics & Statistics

Area of Interest -Child Health, Mental Health, Disease

Skills - MS Office, SPSS, STATA, Nvivo,Atlas.ti, MORTPACK, Mlwin, SAS

Languages Known - English, Hindi

Fieldwork - I worked as Statistician, managing data and collected data on study based on Autism Spectrum disorder in Children.

Presentation - Oral paper presentation at IPECS -2018

Work Experience - 4 months experience as Statistician in Govt Medical College & Hospitals , Chandigarh under ICMR projects

Rati Kapoor
kapoor9961@gmail.com
Phone No. - 9654048343

Qualification - M.Sc in Biostatistics and Demography

Internship - NrXen Private limited

Area of Interest - Data analysis,Data cleaning, Report Writing, Clinical trials, Biostatistics

Skills - STATA, SPSS, R, SAS, SPECTRUM, MORTPAK,SPECTRUM, MS Office

Languages Known - English, Hindi, Assamese

Fieldwork -Influence of Social Media on Child Health Care Practices among slum population of Mumbai- A qualitative analysis

Presentation: Poster paper at IIPS international conference 2018

Mrinmoy Pratim Bharadwaz
mpb06197@hotmail.com
Phone No. - 9859106197

Qualification - Masters in Biostatistics and Demography

Internship - project coordinator in AG Consultancy

Area of Interest - Data analyst

Skills - MS Office, SPSS, STATA, SAS, SPECTRUM, MORTPAK, Minitab

Languages Known - Hindi, Bengali, English

Fieldwork -.Have experience in field work in Jharkhand, Bihar and Mumbai area.

Presentations: Oral Presentation at IIPSA (2017).

Work Experience: 1. Private Tutor for Mathematics and Statistics

2. Worked as a project coordinator in AG Consultancy, Kolkata

About the Institute

The International Institute for Population Sciences (IIPS), Mumbai, formerly known as the Demographic Training and Research Centre (DTRC) till 1970, was established in July 1956. It was declared as a 'Deemed University' on August 19, 1985, under Section 3 of the UGC Act, 1956 by the Ministry of Human Resource Development, Government of India. The recognition has facilitated the award of recognized degrees by the Institute itself and paved the way for further expansion of the Institute as an academic institution.

IIPS holds a unique position among all the regional population centres. It was the first such centre started, and it serves a much larger population than any of the other regional centres. The Institute is under the administrative control of the Ministry of Health and Family Welfare, Government of India.

The Institute is the hub of a population and health-related teaching and research in India, playing a vital role for planning and development of the country. During the past years, students from different countries of Asia and the Pacific region, Africa and North America have trained at the Institute. The alumni are occupying prestigious positions at national and international organisations, universities and colleges, and reputed non-governmental organisations. Besides teaching and research activities, the Institute also provides consultancy to the Government and Non-Governmental organizations and other academic institutions.

Institute had conducted many prime surveys like National Family Health Survey (NFHS), District Level Household Survey (DLHS), Assessment of National Rural Health Mission (NRHM), YOUTH in India Project, Global Adult Tobacco Survey (GATS India Project), Research Intervention on Sexual Health Theory to Action (RISHTA Project), and Nutrition Surveys and Longitudinal Aging Study in India (LASI).

Director's Desk

It is my great pleasure to introduce one of the oldest Institutes in the discipline of demography in the country, International Institute for Population Sciences (IIPS), Mumbai whose history goes way back to 1956. IIPS has been recognized as Deemed University by UGC in the year 1985 considering its wide contribution to the field of demographic and health research, teaching and training. The Institute is able to successfully blend cutting edge research with teaching, with the help of a set of accomplished members of faculty having a multidisciplinary background. The students are equipped in dealing with large datasets, use advanced quantitative techniques and learn how to interpret to results for better policy and programme interventions. They are also encouraged to use qualitative techniques for their dissertation for a comprehensive understanding of the society. Our students excel in the fields of Population Sciences and Biostatistics. We are proud to be the hub of nationally important surveys such as the National Family and Health Survey (NFHS), Longitudinal Survey of Ageing in India (LASI) etc. Our collaborations with international organisations such as UNICEF, UNFPA, WHO etc as well as with world's leading universities help us to groom and expose our students in the emerging areas of population studies and health research.

Prof. K. S. James

Course Details

This two-year Masters programme has been designed to provide a clear insight of Population Studies including Demography, various Sampling Techniques which cover an essential part of Socio-Demographic Research, Gender and Reproductive Health, Population & Development, Monitoring and Evaluation, Mortality and Public Health and Population & Ageing. Students are given knowledge on various aspects of Demography, Socio-Economics and Health for better knowledge on governance and policy making. The students of this course are provided with rigorous hands-on training on various statistical and analytical software such as STATA, R programming, SPSS, GIS, GeoDa, MORTPAK, Spectrum, and NVIVO. This Program requires successful completion of 21 main papers in the area of Population Studies and Demography, optional papers and a dissertation. Students are also trained in Research Methodology that involves the successful completion of a project involving fieldwork.

Course Structure

☐ Core Subjects

- ✓ Basic Statistical Methods for Population Studies
- ✓ Introduction to Demography and History of Population
- ✓ Fertility and Nuptiality
- ✓ Mortality, Morbidity and Public Health
- ✓ Evaluation, Adjustment of Demographic Data and Population Projection
- ✓ Introduction to Demographic and Statistical Software
- ✓ Migration and Urbanization
- ✓ Gender and Reproductive Health
- ✓ Population and Development
- ✓ Research Methodology
- ✓ Population Policies, Program Management and Evaluation of Health and Family Welfare Program
- ✓ Population Ageing and Health Transition

☐ Electives

- ✓ Healthcare System and Policies
- ✓ Bio statistics & Epidemiology
- ✓ Historical Demography
- ✓ Spatial Demography
- ✓ Health Economics and Financing
- ✓ Urbanization, Space and Planning
- ✓ Concepts and Measures of Global Health
- ✓ Gender, Health and Development
- ✓ Population and Sustainable Development
- ✓ Advance Statistical Packages and Applications in Large-scale Data
- ✓ Operation Research in Reproductive Health
- ✓ Monitoring and Evaluation in Population & Health

Why Hire Us

✓ RESEARCH AND FIELDWORK

All students have conducted field work and collected primary data as part of the coursework. Students also present dissertation paper for completion of the course

✓ DEMOGRAPHICAL SKILLS

The course structure and teaching methodology is mainly focused on modern Demographical and Population Sciences and Techniques. Students are well equipped with theoretical knowledge and empirical training. The emphasis on quantitative analysis enables students to develop better techniques for statistical analysis, inferential analysis, and other tools essential for effective decision making. The students are also equipped with qualitative research techniques and are enabled to monitor and evaluate policies and programs.

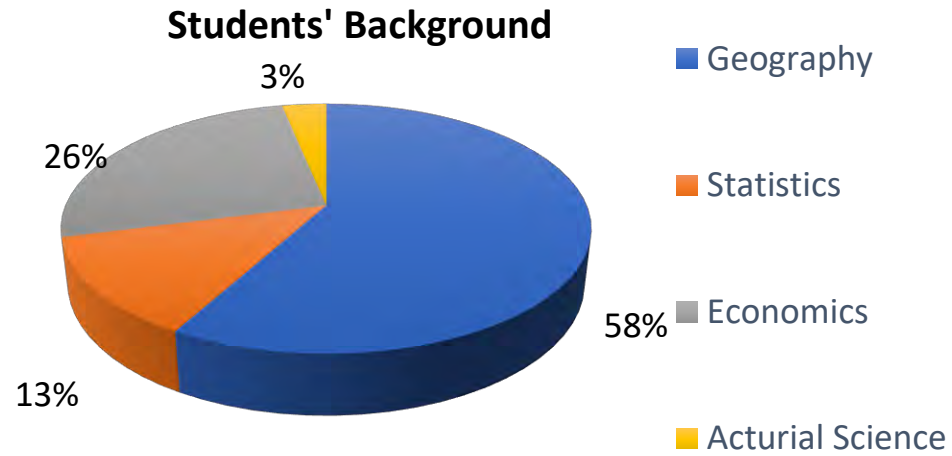

✓ ANALYTICAL SKILLS

Students are competent to handle large scale datasets like Census, NFHS, NSSO, analyse them and deduce conclusive results. All students are trained to work in groups and deliver presentations within stipulated time.

✓ STATISTICAL SOFTWARES

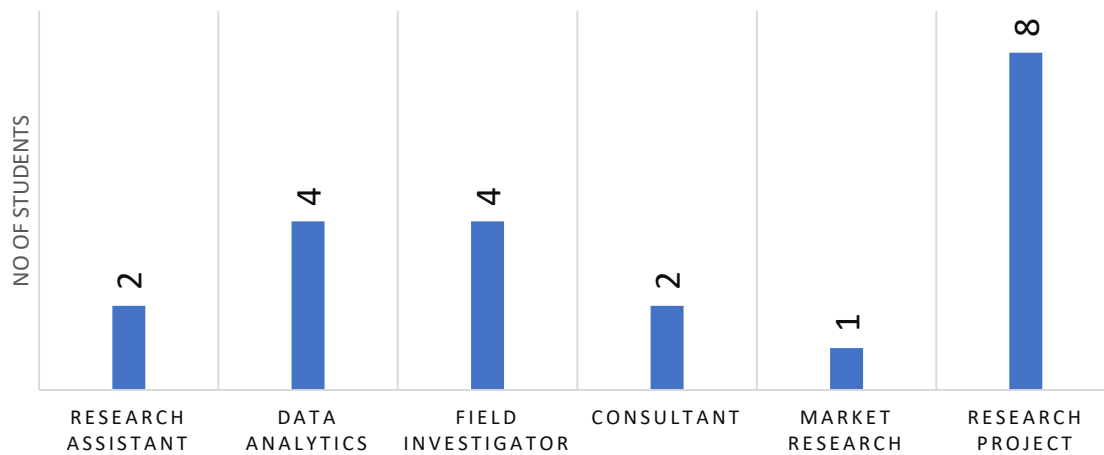

The profiles of the students are supplemented with professional training in software skills like R, STATA, SPSS, MORTPAK, GIS, and others.

Batch Profile

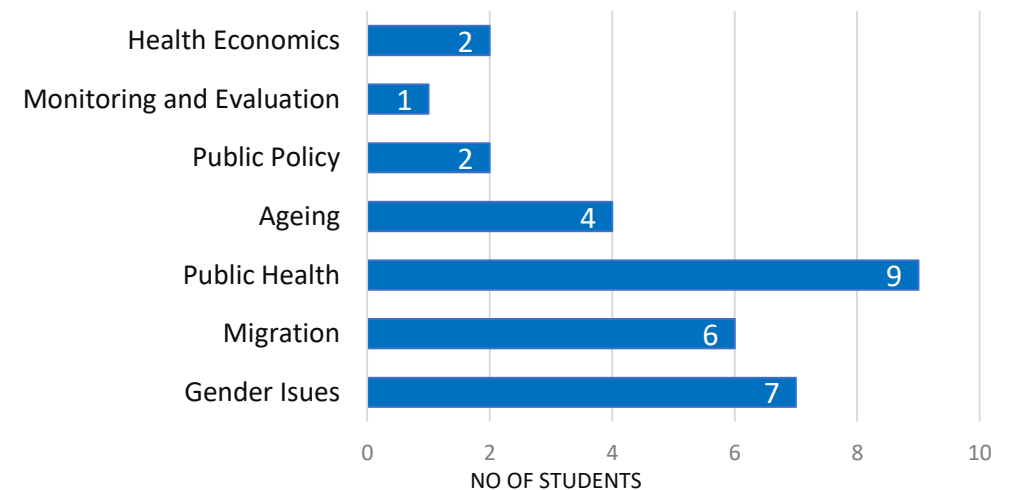

Total No of students	31
No of students having work experience	22
Highest Internship Stipend	Rs-15000/month
Average Internship Stipend	Rs-11000/month

- 2. Tax Analyst (Ernst and Young LLP, Chennai)
- 3. Market research intern (Delhivery)
- 4. Research Intern (FDR, Hyderabad)
- 5. Part-time teaching at Thinkdiff Skool
- ❑ Area of Interest: - Ageing, Gender, Migration, Public health, Maternal and Child health, Nutrition
- ❑ Technical Skill: - MS-OFFICE, R LANGUAGE, STATA, SPSS, SPECTRUM, MORTPAK

Past Recruits

Past Recruits

Placement Procedure

1

- Companies are expected to contact the Placement Cell Coordinators in order to have a PPT (Pre-Placement Talk). Pre-placement talks provide opportunities for students to know about a prospective employer along with the job profile and career growth opportunities available. In this regard it is also mentioned that PPTs are not mandatory in the recruitment process. It is organized based on the need of the company.

2

- CVs of the candidates are forwarded to the company. The company informs the placement cell about the shortlisted candidates.

3

- If the company is willing to take a shortlisting test or face-to-face interviews, that would also be scheduled and facilities will be provided by the institute.

ABOUT THE INSTITUTE

In 1956, the United Nations, the Government of India and the Sir Dorabji Tata Trust, jointly established the Institute to serve as a regional center for teaching, training and conducting research in the area of population studies in the ESCAP region. Prior to 1970, the IIPS was popularly known as Demographic Training and Research Centre (DTRC). The Institute was declared Deemed University on August 15, 1985. The Institute is an autonomous institution under the administrative control of the **Ministry of Health and Family Welfare, Government of India**. The Institute offers academic courses to train students in Biostatistics, Demography, Population, Health and Social Sciences. Training programs and consultancy services to government and nongovernmental organizations and other academic institutions are also part of the activities of the institute. The Institute also undertakes large-scale nationwide demographic and health surveys. IIPS has helped in building a nucleus of professionals in the field of population and health in various countries in the ESCAP region. During the past 60 years, students from 42 different countries of Asia and the Pacific region, Africa, and North America have been trained at the Institute. Many, who are trained at the Institute, now occupy key positions in the field of population and health in governments of various countries, universities and research institutes, as well as in reputed national and international organizations.

DIRECTOR'S DESK

Dr. K.S. James

It is my great pleasure to introduce one of the oldest Institutes in the discipline of demography in the country, International Institute for Population Sciences (IIPS), Mumbai whose history goes way back to 1956. IIPS has been recognized as Deemed University by UGC in the year 1985 considering its wide contribution to the field of demographic and health research, teaching and training. The Institute is able to successfully blend cutting edge research with teaching, with the help of a set of accomplished members of faculty having multidisciplinary background. The students are equipped in dealing with large datasets, use advanced quantitative techniques and learn how to interpret to results for better policy and programme interventions. They are also encouraged to use qualitative techniques for their dissertation for a comprehensive understanding of the society. Our students excel in the fields of Population Sciences and Biostatistics. We are proud to be the hub of nationally important surveys such as the National Family and Health Survey (NFHS), Longitudinal Ageing Study in India (LASI) etc. Our collaborations with international organizations such as UNICEF, UNFPA, WHO etc. as well as with world's leading universities help us to groom and expose our students in the emerging areas of health research and applied statistics.

I would like to welcome your esteemed organization to our institute. I am sure you will find an enthusiastic set of students ready to take up challenging tasks on various issues relating to health and population.

This brochure contains information of the batch of MSc. Biostatistics and Demography, 2018-20. We look forward towards enduring and meaningful relationship with our recruiters.

COURSE COORDINATORS' DESK

Master of Biostatistics and Demography (MBD) is a specialized course providing intensive training in various aspects of Biostatistics and Epidemiology. In addition, MBD students are also trained in basic concepts and techniques of Demography. This gives our students added advantage over conventional Biostatistics courses.

A portrait of Dr. Murali Dhar, a man with short dark hair and a light beard, wearing a light blue button-down shirt. The portrait is set against a white circular background with a soft glow.

Dr. Murali Dhar

We teach, train and groom our students considering the recent demands and exposures. Further, we equip them with many statistical packages, like, SAS, R, SPSS, STATA. In addition to pharma industries, our alumni have made outstanding contributions to academics and research in national and international organizations, like, WHO, UNFPA and UNICEF. It is our firm conviction that newer generations would continue to do so in the years to come.

A portrait of Dr. Priti Dhillon, a woman with long dark hair, wearing a dark top and gold earrings. The portrait is set against a white circular background with a soft glow.

Dr. Priti Dhillon

We are happy that the placement cell of our institute is bringing out an updated brochure for 2019-2020 to showcase our well-groomed graduating students and to provide information to prospective employers. We are sure that the information contained in the brochure would generate active interest among the HRD people of the leading commercial and industrial organizations. This will result in the acceleration of on-campus recruitment and offer coveted career opportunities to the students of our Institute

PLACEMENT CELL COORDINATORS' DESK

**Dr. Aparajita
Chattopadhyay**

**Dr. Manas R.
Pradhan**

The International Institute for Population Sciences (IIPS) is an autonomous institution under the administrative control of the Ministry of Health and Family Welfare, Government of India. The Institute offers academic courses in Biostatistics, Demography and Population Sciences. IIPS is the most reputed institute for education and research in Demography, both in India and in Asia.

The Placement Cell is the nodal point of contact for organizations / companies to interact with IIPS. We have been striving continuously to match the students with their dream jobs, resulting in a win-win situation for the student and the hiring organization. We invite the recruiting organizations and graduating students to find the best match between their needs and capabilities. We encourage you to visit our campus and provide placement opportunities to our well-trained students.

M.Sc. Biostatistics & Demography

COURSE DETAILS

This two year Masters programme has been designed to provide a clear insight of Biostatistics including epidemiological methods, various Sampling Techniques which cover an essential part of Applied Statistics, Applied Multivariate Analysis, Survival Analysis and Clinical Trials. Students are given knowledge on latest quantitative methods and tools like supervised and unsupervised models to analyze problems that arise in the fields of Biostatistics, data analytics, governance and policy making. The students of this course are provided with rigorous hands-on training on various statistical and analytical softwares such as SAS, R programming, SQL, SPSS, STATA, MLwiN, MORTPAK, Spectrum, and GIS. This Program requires successful completion of 21 main papers in the area of Biostatistics, Epidemiology and Demography, optional papers and a dissertation. Students are also trained in Research Methodology that involves the successful completion of a project involving fieldwork.

COURSE STRUCTURE

Core Courses

- Introduction to Demography and History of Population
- Demographic Methods I & II
- Introduction to Biostatistics & Epidemiology
- Epidemiological Methods
- Research Methodology
- Sampling Techniques in Health & Demographic Surveys
- Applied Multivariate Analysis
- Application of Statistical and Demographic Packages II
- Demographic Models and Indirect Methods of Estimation
- Survival Analysis
- Dissertation

Foundation Courses

- Basics of Human Biology
- Application of Statistical and Demographic Package I

Elective Courses

- Healthcare System and Policies
- Basic concepts of Sociology, Psychology and Anthropology
- Historical Demography
- Spatial Demography
- Urbanization, Space and Planning
- Large-scale Sample Surveys
- Concepts and Measures of Global Health
- Gender, Health and Development
- Population Ageing and Health Transition
- Population, Environment and Sustainable Development
- Health Economics and Financing
- Operation Research
- Monitoring and Evaluation

FACULTY

Director

Dr. K.S. James, Director & Senior Professor

Department of Mathematical Demography & Statistics

Dr. Sayeed Unisa, Professor & Head

Dr. S.K. Singh, Professor

Dr. Laxmi Kant Dwivedi, Asst. Professor

Dr. Preeti Dhillon, Asst. Professor

Department of Migration & Urban Studies

Dr. R.B. Bhagat, Professor & Head

Dr. K.C. Das, Professor

Dr. Archana Roy, Asso. Professor

Dr. Sunil Sarode, Asst. Professor

Dr. Reshmi R S, Asst. Professor

Department of Fertility Studies

Dr. D.A. Nagdeve, Professor & Head

Dr. Chander Shekher, Professor

Dr. S.K. Mohanti, Professor

Dr. M.R. Pradhan, Asst. Professor

Department of Extra Mural Studies & Distance Education

Dr. K. C. Das, Professor & Head

Department of Public Health & Mortality Studies

Dr. H. Lhungdim, Professor & Head

Dr. (Mrs.) Usha Ram, Professor

Dr. Abhishek Singh, Asso. Professor

Dr. Dhananjay Bansod, Asso. Professor

Dr. Kaushalendra Kumar, Asst. Professor

Department of Population Policies & Programmes

Dr. B. Paswan, Professor & Head

Dr. T.V. Sekher, Professor

Dr. Murali Dhar, Asso. Professor

Dr. Dipti Govil, Asst. Professor

Dr. Sarang Pedgaonkar, Asst Professor

Department of Development Studies

Dr. P. Arokiasamy, Professor & Head

Dr. R. Nagarajan, Professor

Dr. Pralip Kumar Narzary, Asso. Professor

Dr. Manoj Alagaranjan, Asst. Professor

Dr. Aparajita Chattopadhyay, Asst. Professor

Dr. Harihar Sahoo, Asst. Professor

Dr. Suryakant Yadav, Asst. Professor

WHY HIRE US

✓ **BIOSTATISTICAL SKILLS**

The course structure and teaching methodology is mainly focused on modern Biostatistical and Epidemiological techniques. Students are well equipped with theoretical knowledge and empirical training. The emphasis on quantitative analysis enables students to develop better techniques for statistical analysis, forecasting, extrapolation, and other tools essential for effective decision-making.

✓ **ANALYTICAL SKILLS**

Students are competent to handle large scale datasets like **Census**, **NFHS**, **NSSO**, analyse them and deduce conclusive results. All students are trained to work in groups and deliver presentations within stipulated time.

✓ **STATISTICAL SOFTWARES**

The profiles of the students are supplemented with professional training in software skills like **SAS**, **R**, **STATA**, **SQL**, **SPSS**, **MLWIN**, **GIS**, and others.

✓ **RESEARCH AND FIELD WORK**

All students have conducted field work and collected primary data as part of the coursework. Students also present dissertation paper for completion of the course.

STUDENTS' PROFILE

CLASS OF 2018-20

Aayushi Prasad

Email : aayuship1202@gmail.com

Contact : 9821772250

Education : B.Sc. Statistics, Delhi University

Internship & Project :

Internship at ICMR, Delhi

Key Skills:

STATA, SAS, SPSS, R, MS Office, C, GeoDa, ArcGIS

Area of Interest :

Data Analysis, Maternal and Child Health, Health Economics

Poulami Barman

Email : barmanpoulami9@gmail.com

Contact : 7980082164

Education : B.Sc. Statistics, Calcutta University

Internship & Project :

Project Intern, ISI-Kolkata

Key Skills:

EXCEL, SPSS, STATA, R, SAS, GIS, Minitab

Area of Interest :

Data analytics, Biostatistics, large scale survey

Aritra Sen

Email : aritrasen679@gmail.com

Contact : 8337802388

Education : B.Sc. Statistics, Presidency University, Kolkata

Internship & Project :

Summer Research Project, ISI-Kolkata

Key Skills:

R, SAS, SPSS, STATA

Area of Interest :

Sampling Survey Analysis, Time-Series Analysis, Applied Statistics in the Bio-medical field.

Barsha Halder

Email : taniahalder2596@gmail.com

Contact : 8585888672

Education : B.Sc. Statistics, Presidency College, Kolkata

Internship & Project :

Indian Statistical Institute (ISI), Kolkata

Key Skills:

SAS, SPSS, STATA, R, PAST, GeoDa, GIS, Minitab, CsPro

Area of Interest :

Data Analysis, Biostatistics, Clinical trials

Shreya Vasant Bapat

Email : bapatshreya14@gmail.com

Contact : 7275283296

Education : BSc in Statistics and Mathematics, Mahatma Gandhi Kashi Vidyapeeth, Varanashi

Internship & Project :
SEARCH foundation, Maharashtra

Key Skills:
STATA, SPSS, SAS, GIS, GeoDa, Ms-Office, R, C

Area of Interest :
Large scale data analysis, Research in Epidemiology, Biostatistics

Tapas Dey

Email : tapashb06@gmail.com

Contact : 8967673201

Education : B.Sc.(Hons.) in Statistics, Visva-Bharati University, Santiniketan

Internship & Project :
Indian Statistical Institute (ISI), Kolkata

Key Skills:
STATA, SPSS, SAS, ArcGIS, GeoDa, R, MS Excel, CsPro, MORTPAK, Spectrum

Area of Interest :
Biostatistics, Public Health, Demography

Soumya Ranjan Nayak

Email : nayaksoumya716@gmail.com

Contact : 8339053121

Education : B.sc Statistics & M.sc Statistics, Utkal university

Internship & Project :
Qualitative Research study, Govandi, Mumbai.

Key Skills:
R, STATA, SPSS, SAS, Python, Spectrum, GIS

Area of Interest :
Adult health, Demography & Mortality analysis, Survival modelling

Bikash Khura

Email : bikikhura98@gmail.com

Contact : 8928226380

Education : B.Sc. Statistics from Sambalpur University, Odisha.

Internship & Project :
Internship at National Health Repository under MOHFW, Govt. of India.

Key Skills:
SAS, SPSS, STATA, Spectrum, ArcGIS, GeoDa, CsPro

Area of Interest :
Biomedical field ,Data Analytics

Hina Narzari

Email : munhi74narzari@gmail.com

Contact :

Education : B.Sc. Statistics from Diburgarh University, Assam.

Internship & Project :

Academic Project-A study in Jorhat District

Key Skills:

SAS,SPSS,STATA, Html, MS-office, Matlab, C programming

Area of Interest :

Statistical Analysis, Public Health

Soumyajit Kahali

Email : soumyajitkahali1996@gmail.com

Contact : 7044599957

Education : B.Sc (Hons) Statistics, Maulana Azad college, Kolkata

Internship & Project :

Summer intern at ICMR-NICED

Key Skills:

SPSS,STATA,R ,SAS,C++,JAVA, Python, GIS, GeoDa, Past

Area of Interest :

Epidemiology, Clinical Trials, Survival analysis

Mohammad Hamza

Email : hamzastb22@gmail.com

Contact : 8218286022

Education : B.sc (Hons) Statistics, Aligarh Muslim University

Internship & Project :

1-Qualitative Research study, Govandi, Mumbai.

2-Academic Project: Statistical System of JN Medical College & Hospital, Aligarh

Key Skills:

SPSS, STATA, R, S.A.S., Python, Excel, Mortpak, CsPro, Spectrum, C++

Area of Interest :

Adult health, Demography & Mortality analysis, Survival modelling

Subham Kumar Mohanta

Email : kumar.subham.028@gmail.com

Contact : 9784797575

Education : B.Sc. (Hons.) from Government (Autonomous) College, Rourkela

Internship & Project :

Summer intern at ACTREC,TMC.

Key Skills:

REDCap, SPSS, STATA, SAS, R, CurveSnap, Review Manager.

Area of Interest :

Clinical Trials, Biostatistics, Data Analysis.

Vekutulu Chiero

Email : aveluchiero1996@gmail.com

Contact : 9366039651

Education : B.Sc.(Hons.) Statistics, Nagaland University.

Internship & Project :

Summer intern at National Institute of Medical Statistics, Delhi.

Key Skills:

MS Office, SPSS, STATA, SAS, GIS, GeoDa, CsPro, R programming.

Area of Interest :

Spatial analysis, Statistical modeling, Regression analysis

Ali Abbas Rizvi

Email : rizviali2205@gmail.com

Contact : 8439049074

Education : B.Sc.(Hons.) Statistics, Aligarh Muslim University

Internship & Project :

Academic Project: Statistical System of JN Medical College & Hospital, Aligarh

Key Skills:

R programming, SAS, SPSS, STATA, MS Office, CsPro, Spectrum, GeoDa

Area of Interest :

Applied Statistical Modelling, Predictive Analysis, Data Management and Cleaning

Raza Mohammad

Email : razamd96@gmail.com

Contact : 9044768372

Education : B.Sc.(Hons.) Statistics, Aligarh Muslim University

Internship & Project :

Summer intern at SEARCH Foundation, Maharashtra

Key Skills:

MS Office, SAS, SPSS, STATA, Minitab, R, CsPro, ArcGIS, GeoDa, Spectrum, SQL.

Area of Interest :

Data analysis, Monitoring & Evaluation, Clinical Trials

Ritankar Chakraborty

Email: chakrabortyritankar@gmail.com

Contact : 8250417810

Education : B.Sc. (Hons.) Statistics, Presidency University, Kolkata.

Internship & Project :

Summer intern at SEARCH foundation, Maharashtra.

Key Skills:

SPSS, STATA, SAS, GIS, GeoDa, Ms-Office, R, C

Area of Interest :

Large Scale Data Analysis, Research in Clinical Trials, Epidemiology.

Shalmoli Dutta

Email : shalmoliduttasdsd@gmail.com

Contact : 8910586515

Education : B.Sc. (Hons.) Statistics from St. Xavier's College, Kolkata

Internship & Project :

1-Summer Intern at ICMR-NICED

2-Intern at Swabhiman Project (funded by UNICEF), IIPS, Mumbai

Key Skills:

SAS, SQL, R, SPSS, STATA, Minitab, Python, Tableau, Past, MS Office, C, GIS, GeoDa, CsPro, Spectrum.

Area of Interest :

Statistical Data analysis, Biostatistics, Data visualisation

Nikita Patel

Email : patelniku03@gmail.com

Contact : 9337694415

Education : B.Sc. Statistics, Sambalpur University

PLACEMENT PROCEDURE

Step 1

Companies are expected to contact the Placement Cell Coordinators in order to have a PPT (Pre-Placement Talk). Pre-placement talks provide opportunities for students to know about a prospective employer along with the job profile and career growth opportunities available. In this regard it is also mentioned that PPTs are not mandatory in the recruitment process. It is organized based on the need of the company.

Step 2

CVs of the candidates are forwarded to the company. The company informs the placement cell about the shortlisted candidates.

Step 3

If the company is willing to take a shortlisting test or face-to-face interviews, that would also be scheduled and facilities will be provided by the institute.

STATISTICS AND DEMOGRAPHY

2019-20

INTERNATIONAL INSTITUTE
FOR POPULATION SCIENCES

About the Institute

The International Institute for Population Sciences (IIPS) serves as a regional Institute for Training and Research in Population Studies for the ESCAP region. It was established in Mumbai in July 1956, till July 1970 it was known as the Demographic Training and Research Centre (DTRC) and till 1985 it was known as the International Institute for Population Studies (IIPS). The Institute was re-designated to its present title in 1985 to facilitate the expansion of its academic activities and was declared as a 'Deemed University' in August 19, 1985 under Section 3 of the UGC Act, 1956 by the Ministry of Human Resource Development, Government of India. The recognition has facilitated the award of recognized degrees by the Institute itself and paved the way for further expansion of the Institute as an academic institution.

Started in 1956 under the joint sponsorship of Sir Dorabji Tata Trust, the Government of India and the United Nations, it has established itself as the premier Institute for training and research in Population Studies for developing countries in the Asia and Pacific region. IIPS holds a unique position among all the regional centres, in that it was the first such centre to be started, and serves a much larger population than that served by any of the other regional centres. The Institute is under the administrative control of the Ministry of Health and Family Welfare, Government of India.

Besides teaching and research activities, the Institute also provides consultancy to the Government and Non-Government organizations and other academic institutions. Over the years, the Institute has helped in building a nucleus of professionals in the field of population and health in various countries of the ESCAP region. During the past 53 years, students from 42 different countries of Asia and the Pacific region, Africa and North America have been trained at the Institute. Many, who are trained at the Institute, now occupy key positions in the field of Population and Health in Government of various countries, Universities and Research Institutes as well as in reputed National and International organizations.

List of Faculties:

Director

Dr. K.S. James, Director & Senior Professor

Department of Development Studies

Dr. P. Arokiasamy, Professor & Head

Dr. R. Nagarajan, Professor

Dr. Pralip Kumar Narzary, Associate Professor

Dr. Aparajita Chattopadhyay, Associate Professor

Dr. Manoj Alagarajan, Assistant Professor

Dr. Harihar Sahoo, Assistant Professor

Dr. Suryakant Yadav, Assistant Professor

Department of Extra Mural Studies and Distance Education

Dr. K.C Das, Professor

Department of Fertility Studies

Dr. D.A. Nagdeve, Professor & Head

Dr. Chander Shekhar, Professor

Dr. S.K. Mohanty, Professor

Dr. M.R. Pradhan, Assistant Professor

Department of Mathematical Demography & Statistics

Dr. Sayeed Unisa, Professor & Head

Dr. S.K. Singh, Professor

Dr. Laxmi Kant Dwivedi, Assistant Professor

Dr. Preeti Dhillon, Assistant Professor

Department of Migration & Urban Studies

Dr. R.B. Bhagat, Professor & Head

Dr. K.C Das, Professor

Dr. Archana Roy, Professor

Dr. Reshmi R.S., Assistant Professor

Mr. Sunil T. Sarode, Assistant Professor

Department of Population Policies & Programmes

Dr. Balram Paswan, Professor & Head

Dr. T.V. Sekher, Professor

Dr. Murali Dhar, Professor

Dr. Dipti Govil, Assistant Professor

Dr. Sarang Pedgaonkar, Assistant Professor

Department of Public Health & Mortality Studies

Dr. H. Lhungdim, Professor & Head

Dr.(Mrs.) Usha Ram, Professor

Dr. Abhishek Singh, Professor

Dr. Dhananjay Bansod, Associate Professor

Dr. Kaushalendra Kumar, Assistant Professor

From Director's Desk

“

It is my great pleasure to introduce one of the oldest Institutes in the discipline of demography in the country, International Institute for Population Sciences (IIPS), Mumbai whose history goes way back to 1956. IIPS has been recognised as Deemed University by UGC in the year 1985 considering its wide contribution to the field of demographic and health research, teaching and training. The Institute is able to successfully blend cutting edge research with teaching, with the help of a set of accomplished members of faculty having a multidisciplinary background. The students are equipped in dealing with large datasets, use advanced quantitative techniques and learn how to interpret to results for better policy and programme interventions.

They are also encouraged to use qualitative techniques for their dissertation for a comprehensive understanding of the society. Our students excel in the fields of Population Sciences and Biostatistics. We are proud to be the hub of nationally important surveys such as the National Family and Health Survey (NFHS), Longitudinal Survey of Ageing in India (LASI) etc. Our collaborations with international organisations such as UNICEF, UNFPA, WHO etc as well as with world's leading universities help us to groom and expose our students in the emerging areas of population studies and health research.

Best Wishes
Dr. K.S. James,
Director & Senior Professor

Message from the Placement Coordinators

“

International Institute for Population Sciences (IIPS) is a premier institution in the field of Demography and Health Sciences. Over the years, the Institute has helped in building a nucleus of professionals in the field of population and health in various countries of the ESCAP region. Many, who are trained at the Institute, now occupy key positions in the field of Population and Health in governments of various countries, Universities and Research Institutes as well as in reputed National and International organizations.

This brochure contains details of our Master of Philosophy in Population Studies / Biostatistics & Demography (MPhil.) program and brief CV of the graduating students. They received formal training both in the theoretical and technical aspects of Population Studies at IIPS. The MPhil. course has been specifically designed to impart holistic understanding of various aspects of research methodology and advanced statistical analysis. Students are trained in soft wares dealing with both quantitative and qualitative data analysis as well as in demographic packages.

They are capable of undertaking research studies and to handle large scale survey datasets efficiently. As part of their course, they are preparing a dissertation under the guidance of a faculty on the topic of their research interest.

We appreciate and value our partnership with recruiting agencies, alumni and friends of IIPS. We are committed to make your recruiting experience at our Institute productive and positive. We invite the recruiting organizations and passing out students to find the best match between their needs and capabilities.

With Best Wishes
Prof. T. V. Sekher
Dr. Pralip K. Narsary

Message from the Course Coordinators

“

This is indeed a pleasure for me to present before you the highly spirited and professionally competent group of Master of Philosophy students of the batch of 2019-2020. Instilled with a continuous and committed sensitivity the students of the current batch have evolved in a research orientated coursework providing training on various aspects of research techniques, are willing to take on the rightful place in the diverse spheres offered to them. The recruiters so far include national and international organizations, corporate sector and peoples' movement and over the years we have been receiving reassuring feedback from all of them about our students. The current batch of 2019-2020 is another intelligent and dedicated group of students who would certainly be an asset to the employing organization.

The one-year duration of the M.Phil. course in Biostatistics and Demography/Population studies provides them to have a wide-ranging and intensive foundation in theoretical discourses of research as well multiple engagements at sites of practicum. The course also gives a thorough insight into technical and critical research methods. The students are trained and equipped with various statistical packages such as SPSS, STATA, SAS, R, MORTPAK, ArcGIS, SQL.

The students are trained in advanced research methodology techniques and will apply them in their dissertation work in the MPhil course. On the other hand, Dissertation work is the lifeline the M.Phil. course curriculum which gives the students an opportunity to integrate the pedagogy into the practicum.

The brochure surely provides information that will invoke interest among the leading organizations. This is a great opportunity for the students to get placed through on-campus recruitment and will give a boost to their career prospects. I would be pleased and happy to welcome you to our campus for engaging our students to serve your organization.

Best Wishes

Prof. Chander Shekhar

Dr. Suryakant Yadav

Message from the Alumni

“

"IIPS is the best place to learn demography or Population Studies in India. IIPS alumni are spread over from important Ministries of the Government of India to a Population Research Centre; from Prestigious University/colleges to NGOs working at the grassroots level; from UNDESA to best-ranked universities/institutes of North America or Europe or South Africa, or anywhere in the globe!

Personally, IIPS opened a new horizon for me... IIPS taught a lot on applied statistics, data analysis & management and oral & written communication, but more than that IIPS taught "professionalism"! It is the training of IIPS for which students dare to dream beyond their limit..."

With best wishes

Dr. Nandita Saikia
Assistant Professor
Centre for the Study of Regional Development
School of Social Science, JNU, New Delhi

Why hire us?

IIPS firmly believes that the proliferation of ideas provides a base to the framework of success but it goes hand in hand with the art of communicating the same ideas to others. The institute focuses on the skills of the students to present their ideas in front of their teachers and peers.

Apart from the well-built theoretical concepts, the academic programme at IIPS is rigorous with a strong inclination towards the honing of the students analytical skills. Students are bolstered with a variety of data analytics software like R, SAS, SPSS, STATA, CPro, MortPak and ArcGIS, GeoDa.

The application of theory in an appropriate analytical framework, along with empirical evidence, is an assured test of the students understanding of the concepts at hand and ensures that he/she is comfortable with handling big datasets.

The course requires students from multidisciplinary backgrounds to work together and share knowledge. The environment provided by the college ensures a holistic approach to the development of students both at the personal and professional level.

Sectors we fit in:

- **Demographic Research**
- **Social Science Research**
- **Social work**
- **Non Governmental Organizations**
- **Pharmaceuticals**
- **Corporate Social Responsibility**
- **Health Research Institutions**
- **Survey Research**
- **Civil Society Organizations**
- **Research Analytics**
- **Data Analytics**

Academic Engagement

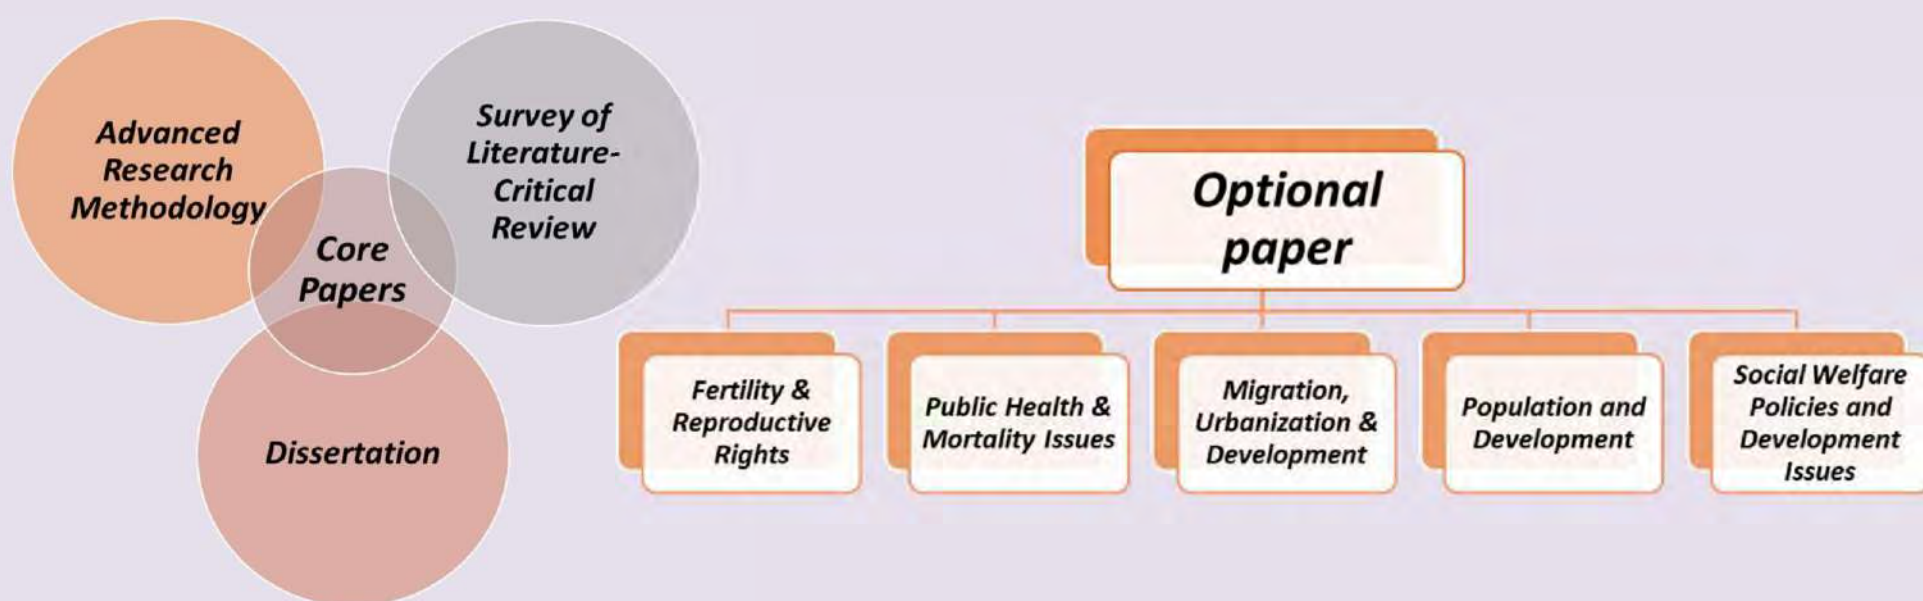

- Dr. C. Chandrasekaran Memorial Lecture on “Measurement in the Social Sciences: Some Logical and Normative Issues” by Prof. Sreenivasan Subramanian on 11th March 2019.
- A talk on “25 Years of ICPD” World Population Day 11th July.
- Gender Analysis of Health: Workshop for Researchers using Large Scale Data Sets.
- Hands on training on NVivo by Numerical Analytics.
- Talks & Lectures organized on the occasion of World Breastfeeding Week (1 August to 7 August 2019).
- A talk on Population and Development by Prof. R Nagarajan on 7th September 2019.
- A talk on Emerging Research Domains in the Field of Population, Health & Development by Prof. K.S. James on 28th September 2019.
- Prof Asha A. Bhende Memorial Lecture on “Child Sexual Abuse” by Ms. Pooja Taparia on 8th November 2019.

M.Phil. in Population Studies & Biostatistics (2019-20)

Course Highlights

This one-year program is designed to provide in-depth knowledge of the linkages between population and various dimensions of socio-economic, health and environmental development. This programme provides analytical skills to students with rigorous hands-on training of SPSS, STATA, R, Mortpak, Spectrum, Nvivo, GIS and large scale data handling. Program requires successful competition of 2 main papers in the area of population and demography, an optional paper and a dissertation.

Key Components

Thesis, term paper and assignments are an integral part of the evaluation process in IIPS. They are an important and necessary value additions to the students' understanding of the subject. Assignments and presentations also has weight in overall evaluation of performance during the course.

Application of Theory

Application of an appropriate analytical framework, along with empirical evidence, is a sure test of the students' understanding of concepts at hand. Empirical analysis is carried out using highly advanced econometric packages which create a bridge between theory and application.

Presentation

Presentations are an integral part of different programs of the institute. Students are assigned for presentations on different topics as part of every paper being taught during the course. At the final stage of thesis and term paper, students are required to present their findings to a panel of experts and peers. In the process they are exposed to multiplicity of questions related to chosen topic. This ensures a better comprehension of the concepts and also trains them to present their ideas in a concrete and logical manner.

Message from the Director

The International Institute for Population Sciences imparts high quality education for population and health transformation through professional and application-based courses in a wide range of interdisciplinary areas of social sciences and humanities. The institute's simultaneous engagement in teaching, research, field action and advocacy reflect our commitment to integrate theory with practice and social action.

It is my great pleasure to introduce one of the oldest Institutes in the discipline of demography in the country, whose history goes way back to 1956. IIPS has been recognized as Deemed University by UGC in the year 1985 considering its wide contribution to the field of demographic and health research, teaching and training. The Institute is able to successfully blend cutting edge research with teaching, with the help of a set of accomplished members of faculty having multidisciplinary background. The students are equipped in dealing with large datasets, use advanced quantitative techniques and learn how to interpret to results for better policy and programme interventions. They are also encouraged to use qualitative techniques for their dissertation for a comprehensive understanding of the society. Our students excel in the fields of Population Sciences.

We are proud to be the hub of nationally important surveys such as the National Family and Health Survey (NFHS), Longitudinal Ageing Study in India (LASI) etc. Our collaborations with international organizations such as UNICEF, UNFPA, WHO etc. as well as with world's leading universities help us to groom and expose our students in the emerging areas of health research and applied statistics.

All the courses here been carefully developed keeping in mind the unique socio- economic and environmental challenges of the region that require alternative, sustainable and innovative solutions in synch with the unique needs in order to usher in inclusive growth and development while ensuring socio-economic justice. The students of IIPS are well equipped to contribute towards social transformation as they undergo rigorous training on theoretical foundation, field practicum, internship and advanced statistical techniques.

I warmly invite you to the campus to interact with our students who are not only enriched with required skills, knowledge, temperament and diverse field experience but have imbibed the values and morals of our institution. These will guide them to be valuable assets for your esteemed organizations where the work might range from minuscule to colossal, working in villages to becoming international citizens, working with people, working towards building a better environment, economy, education and a vast array of field while being humane.

Prof. K.S. James
Director,
International Institute for Population Sciences

The Institute

In 1956, the United Nations, the Government of India and the Sir Dorabji Tata Trust, jointly established the Institute to serve as a regional center for teaching, training and conducting research in the area of population studies in the ESCAP region.

Prior to 1970, the IIPS was popularly known as Demographic Training and Research Centre (DTRC). The Institute was declared Deemed University on August 15, 1985. The Institute is an autonomous institution under the administrative control of the Ministry of Health and Family Welfare, Government of India.

The Institute offers academic courses to train students in Biostatistics, Demography, Population, Health and Social Sciences. Training programs and consultancy services to government and nongovernmental organizations and other academic institutions are also part of the activities of the institute. The Institute also undertakes large-scale nationwide demographic and health surveys and has helped in building professionals in the field of population and health in various countries in the ESCAP region.

During the past 60 years, students from 42 different countries of Asia and the Pacific region, Africa, and North America have been trained at the Institute. Many, who are trained at the Institute, now occupy key positions in the field of population and health in governments of various countries, universities and research institutes, as well as in reputed national and international organizations.

Master of Population Studies

CORE COURSES

Introduction to Demography and History of Population

Fertility and Nuptiality

Mortality, Morbidity and Public Health

Migration, Spatial Distribution and Urbanization

Population and Development

Gender Issues and Reproductive Health

Population Policies and Programs Research Methodology

Advanced Statistical and Computer Applications

Indirect Estimation Techniques,

Population Projection and Demographic Models

ELECTIVE COURSES

Healthcare Systems and Policies

Introduction to Bio statistics & Epidemiology

Concepts and Measures of Global Health

Population Ageing and Health Transition.

Spatial Demography

Operations Research

Monitoring and Evaluation

Large-scale Sample Surveys

Health Economics and Financing

Urbanization, Space and Planning

The M.P.S. course is designed to provide a higher level of understanding of the population sciences including an in-depth knowledge of the linkages between population and various dimensions of socioeconomic, health and environmental development. It is one of its kind wherein postgraduates from around the nation flow in to learn and contribute to the health research of the nation.

The main thrust of the course is to investigate and interpret issues related to population and health confronting contemporary Indian societies through holistic approach of 'web of life' that sees human kind as a part of interconnected natural and social systems. This is achieved by various in-depth training and field works undertaken by the students. Moreover, their research-oriented learning helps to find new dimensions in the area and develop the nation.

The Course also trains the students in various statistical software that allow them to blend in their theoretical knowledge to formulate statistical evidence by means of models and other analysis. They are also well versed in conducting as well as evaluating large surveys and evaluating them for policy formulation and other matters.

Course Highlights

Mental Health

Research Writing

Sustainable Development

Scientific and Social Research Methods

Healthcare Management

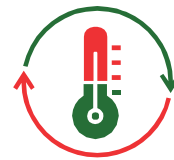

Resource Management

Environment & Health

Presentations

Population Change

Migration & Urbanization

Geographic Information System (GIS)

Health Policies

Remote Sensing Analysis

Development Policies

Global Health

Multi-Disciplinary nature

Programme Assessment

Survey and Field Works

Lab Work

Advanced Research Methodology

Areas of Interest: : Migration, Public Health and Population Ageing

Priyanka Kumari

Contact: 7004938514

Email:

priyankasharma3418@gmail.com

Qualification: M.sc in Statistics, Patna University.

Experience/Project: Field work on exposure to social media in the campus of Patna University.

Software Skills: SPSS, STATA, C++, MS office, Minitab.

Areas of Interest: Sampling, Public Health, Mortality, Fertility, Public Health, Population & development.

Jadab Munda

Contact: 7004938514

Email: jadabmunda1996@gmail.com

Qualification: M.A in Geography, Vishwa Bharati University.

Experience/Project: Dumpy level survey, GPS systems and total stations.

Software Skills: SPSS, STATA, Mortpak, MS office, Minitab, Spectrum, ArcMap, Anthropac, AtlasTi, TNTmips.

Areas of Interest: Child Development, Women Empowerment, Health & sanitation, Rural livelihood development.

Past Recruiters

McKinsey & Company

Placement Process

The Placement Committee will engage with prospective recruiters and coordinate the placement on campus. The Placement Committee will send the soft copy or hard copy of the brochure to the interested organizations. Organizations can register for placements by sending an email to placementscell@iips.net or by contacting any of the Placement Core Committee (PCC) members which are given below.

Pre-Placement Talk

Organizations can conduct pre-placement talk (if mandatory) in the campus to interact with the students providing them insightful details about the organization including the roles and profiles being offered.

Shortlisting Students' Profile

Organizations can shortlist the students based on their requirements from the brochure.

Allocation of Slots

Organizations are requested to inform, in advance, the date on which they intend to visit IIPS Mumbai for campus placements to the Placement Core committee. If needed, placement process through Skype can be arranged.

Selection Process

The organizations are required to intimate the Coordinator (Faculty) about the following details, in advance,

- Process of selection [Preliminary Test, Group Discussion (GD), Interview, etc.]
- Number of rounds of the GD (if any).
- Number of rounds of interview (if any).

GUIDELINES for RECRUITING Organizations

In order to ensure a smooth and efficient functioning of the Placement process and to maintain the valuable relationship between the Institute and the Recruiting Organization (RO), a framework of rules has been formulated. The ROs are requested to abide by the following guidelines in order to ensure uniformity:

- 1.** Organizations interested in recruiting students will have to communicate their requirement in the prescribed Placement Form, as per the schedule communicated.
- 2.** The procedure for allocation of slots for prospective ROs will be done based on the following points:
 - a.** Job profile offered
 - b.** Remuneration and incentives
 - c.** Geographical location and mobility, and
 - d.** Number of positions offered
- 3.** Organization should communicate the final decision of the selection to the candidate(s) as well as the Placement Coordinator (Faculty) within TWO days of the Placement Process.
- 4.** The ROs are requested to provide the Central Placement Committee (CPC) with the Job Descriptions (JD) in advance (suggested time: one week)
- 5.** We would also appreciate if the organization can issue a provisional offer letter along with their selection decision.
- 6.** To avoid uncertainties, all ROs are requested to prepare a waiting list in addition to the list of students selected for placement.
- 7.** The ROs should not select or eliminate any interested candidate only based on the information mentioned in the placement brochure. It should be done strictly based on the submission of CVs post the Pre-Placement Talk and the subsequent recruitment procedure.
- 8.** The ROs can hold Off-Campus interviews, for which the CPC should be notified in advance.
- 9.** Off-campus placement through Web/Telephone/Skype will also be facilitated by the CPC for those ROs who may not be in a position to visit the campus. Personal Interviews at the office of RO can be facilitated at a mutually convenient date.
- 10.** Any discrimination by the RO based on caste, creed, class, gender, disability or religion leading to disharmony among the candidate(s) will not be entertained and may result in an intervention by the CPC.
- 11.** Any information regarding the placements should be communicated to Central Placement Committee (CPC) at placementcell@iips.net

About the Institute

The International Institute for Population Sciences (IIPS), Mumbai, formerly known as the Demographic Training and Research Centre (DTRC) till 1970, was established in July 1956. It was declared as a 'Deemed University' on August 19, 1985, under Section 3 of the UGC Act, 1956 by the Ministry of Human Resource Development, Government of India. The recognition has facilitated the award of recognized degrees by the Institute itself and paved the way for further expansion of the Institute as an academic institution.

IIPS holds a unique position among all the regional population centres. It was the first such centre started, and it serves a much larger population than any of the other regional centres. The Institute is under the administrative control of the Ministry of Health and Family Welfare, Government of India.

The Institute is the hub of a population and health-related teaching and research in India, playing a vital role for planning and development of the country. During the past years, students from different countries of Asia and the Pacific region, Africa and North America have trained at the Institute. The alumni are occupying prestigious positions at national and international organisations, universities and colleges, and reputed non-governmental organisations. Besides teaching and research activities, the Institute also provides consultancy to the Government and Non-Governmental organizations and other academic institutions.

Institute had conducted many prime surveys like National Family Health Survey (NFHS), District Level Household Survey (DLHS), Assessment of National Rural Health Mission (NRHM), YOUTH in India Project, Global Adult Tobacco Survey (GATS India Project), Research Intervention on Sexual Health Theory to Action (RISHTA Project), and Nutrition Surveys and Longitudinal Aging Study in India (LASI).

Director's Desk

It is my great pleasure to introduce one of the oldest Institutes in the discipline of demography in the country, International Institute for Population Sciences (IIPS), Mumbai whose history goes way back to 1956. IIPS has been recognized as Deemed University by UGC in the year 1985 considering its wide contribution to the field of demographic and health research, teaching and training. The Institute is able to successfully blend cutting edge research with teaching, with the help of a set of accomplished members of faculty having a multidisciplinary background. The students are equipped in dealing with large datasets, use advanced quantitative techniques and learn how to interpret to results for better policy and programme interventions. They are also encouraged to use qualitative techniques for their dissertation for a comprehensive understanding of the society. Our students excel in the fields of Population Sciences and Biostatistics. We are proud to be the hub of nationally important surveys such as the National Family and Health Survey (NFHS), Longitudinal Survey of Ageing in India (LASI) etc. Our collaborations with international organisations such as UNICEF, UNFPA, WHO etc as well as with world's leading universities help us to groom and expose our students in the emerging areas of population studies and health research.

Prof. K. S. James

Course Details

This two-year Masters programme has been designed to provide a clear insight of Population Studies including Demography, various Sampling Techniques which cover an essential part of Socio-Demographic Research, Gender and Reproductive Health, Population & Development, Monitoring and Evaluation, Mortality and Public Health and Population & Ageing. Students are given knowledge on various aspects of Demography, Socio-Economics and Health for better knowledge on governance and policy making. The students of this course are provided with rigorous hands-on training on various statistical and analytical software such as STATA, R programming, SPSS, GIS, GeoDa, MORTPAK, Spectrum, and NVIVO. This Program requires successful completion of 21 main papers in the area of Population Studies and Demography, optional papers and a dissertation. Students are also trained in Research Methodology that involves the successful completion of a project involving fieldwork.

Course Structure

☐ Core Subjects

- ✓ Basic Statistical Methods for Population Studies
- ✓ Introduction to Demography and History of Population
- ✓ Fertility and Nuptiality
- ✓ Mortality, Morbidity and Public Health
- ✓ Evaluation, Adjustment of Demographic Data and Population Projection
- ✓ Introduction to Demographic and Statistical Software
- ✓ Migration and Urbanization
- ✓ Gender and Reproductive Health
- ✓ Population and Development
- ✓ Research Methodology
- ✓ Population Policies, Program Management and Evaluation of Health and Family Welfare Program
- ✓ Population Ageing and Health Transition

☐ Electives

- ✓ Healthcare System and Policies
- ✓ Bio statistics & Epidemiology
- ✓ Historical Demography
- ✓ Spatial Demography
- ✓ Health Economics and Financing
- ✓ Urbanization, Space and Planning
- ✓ Concepts and Measures of Global Health
- ✓ Gender, Health and Development
- ✓ Population and Sustainable Development
- ✓ Advance Statistical Packages and Applications in Large-scale Data
- ✓ Operation Research in Reproductive Health
- ✓ Monitoring and Evaluation in Population & Health

Why Hire Us

✓ RESEARCH AND FIELDWORK

All students have conducted field work and collected primary data as part of the coursework. Students also present dissertation paper for completion of the course

✓ DEMOGRAPHICAL SKILLS

The course structure and teaching methodology is mainly focused on modern Demographical and Population Sciences and Techniques. Students are well equipped with theoretical knowledge and empirical training. The emphasis on quantitative analysis enables students to develop better techniques for statistical analysis, inferential analysis, and other tools essential for effective decision making. The students are also equipped with qualitative research techniques and are enabled to monitor and evaluate policies and programs.

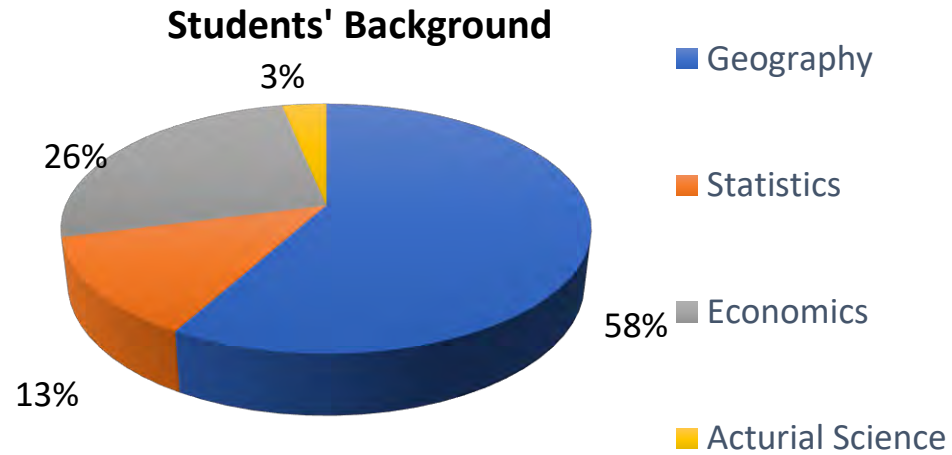

✓ ANALYTICAL SKILLS

Students are competent to handle large scale datasets like Census, NFHS, NSSO, analyse them and deduce conclusive results. All students are trained to work in groups and deliver presentations within stipulated time.

✓ STATISTICAL SOFTWARES

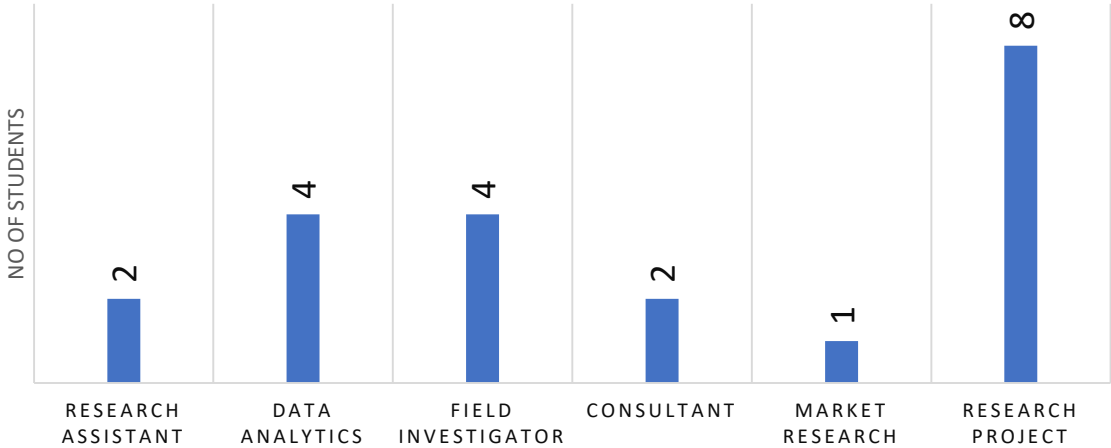

The profiles of the students are supplemented with professional training in software skills like R, STATA, SPSS, MORTPAK, GIS, and others.

Batch Profile

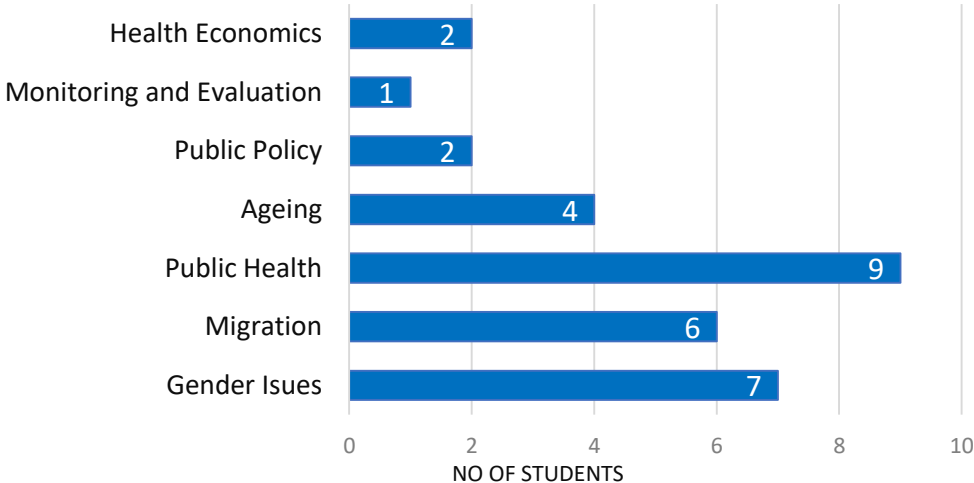

Total No of students	31
No of students having work experience	22
Highest Internship Stipend	Rs-15000/month
Average Internship Stipend	Rs-11000/month

Past Recruits

Past Recruits

Placement Procedure

1

- Companies are expected to contact the Placement Cell Coordinators in order to have a PPT (Pre-Placement Talk). Pre-placement talks provide opportunities for students to know about a prospective employer along with the job profile and career growth opportunities available. In this regard it is also mentioned that PPTs are not mandatory in the recruitment process. It is organized based on the need of the company.

2

- CVs of the candidates are forwarded to the company. The company informs the placement cell about the shortlisted candidates.

3

- If the company is willing to take a shortlisting test or face-to-face interviews, that would also be scheduled and facilities will be provided by the institute.
