## (Deemed to be University)

(An Autonomous Organisation of Ministry of Health and Family Welfare, Govt. of India)

The Institute has completed 66 years of its glorious existence and 36 years as a "Deemed to be University". I am happy to report the activities of the Institute for the academic year 2021-22.

Since its inception in 1956, IIPS had been at the forefront of conducting training programmes in Population Studies for trainees from various countries in Asia and the Pacific region. The programme was initially funded by the UNESCAP and later by the UNFPA. Through this one-year programme, the Institute offered a "Certificate in Population Studies (CPS)" which was later re-designated as "Diploma in Population Studies (DPS)". Institute has trained personnel from various countries of Asia and the Pacific region, under this programme who occupy key positions in the field of population, health and development in government departments, universities and in international organizations. List of students who have completed the different teaching programmes of the Institute over the years and by country is presented in Tables A & B of the Appendix-1.

In August 1985, IIPS was awarded the status of a Deemed University and in 1986, the Institute started awarding its own Ph.D. degree in Population Studies. Till date, the Institute has awarded Ph.D. degree to 386 candidates including 11 foreign candidates.

In 1988-89, the Institute started a one-year degree course entitled "Master of Population Studies (MPS)". Till date, the Institute has awarded the MPS degree to 837 students. The Institute introduced

Masters programme through distance learning mode in 1994-95, and 496 students have been awarded degree through distance learning till date.

From the academic year 2002-03, the Institute started a degree course in Master of Philosophy (M.Phil.) in Population Studies, and to date 637 students have been awarded the degree.

From the academic year 2009-10, IIPS has launched a new two-year degree course, viz. M.A / MSc in Population Studies for undergraduate students desiring to pursue graduate programme in population studies. In the year 2013-14, the Institute introduced another two-year degree course, viz. Master of Science in Biostatistics and Epidemiology, which was later renamed as Master of Science in Biostatistics and Demography (MBD).

IIPS also awards Diploma in Health Education Promotion (DHPE), a Post Graduate Diploma in Community Healthcare (PGDCH) and Post Graduate Diploma in Hospital Management (PGDHM). These courses are conducted by the National Institute of Public Health and Research, Mumbai, affiliated to IIPS. The one-year Diploma in Health Education (DHE) was initiated in August 1987 and later renamed as Diploma in Health Promotion Education (DHPE) in 2001-02. So far 689 students including 28 foreign students have been awarded DHPE. The PGDCH was started in 2006-07 and to date 92 students have received diploma. The Post Graduate Diploma in Hospital Management was initiated in 2021-

22 as a new diploma course and during the current academic year, 21 students took admission for this course.

The Institute functions can be classified under categories of teaching, training, research, consultative services and documentation. The Institute has eight academic departments with well qualified faculty members. The details of the teaching departments, Faculty members, and Group A officers is presented in Appendix II.

#### IV. PROJECT RELATED ACTIVITIES

##### 1. Release of National Fact Sheet of Global Youth Tobacco Survey (GYTS-4), by Dr. Mansukh Mandaviya, Hon'ble Union Health Minister

Release of GYTS-4 Fact Sheet

Global Youth Tobacco Survey (GYTS), is a global standard for systematically monitoring youth tobacco use (smoking and smokeless) and tracking key tobacco control indicators. GYTS is a cross-sectional, nationally representative school-based survey of students in grades associated with ages 13-15 years. It assists countries in fulfilling their obligations under the World Health Organization (WHO) Framework Convention on Tobacco Control (FCTC) to generate comparable data within and across countries. The Ministry of Health and Family Welfare (MoHFW) designated the International Institute for Population Sciences (IIPS) as the nodal agency to conduct the GYTS-4 under the guidance of Technical Advisory Committee with necessary support from the WHO India office. GYTS-4 was designed to provide national and state/UT level estimates of tobacco use among school going children aged 13-15 years by sex, location of school (rural-urban), and management of school (public-private). The objective of the survey was to provide information on tobacco use (smoking and smokeless), cessation, second-hand smoke, access

and availability, exposure to anti-tobacco information, awareness and receptivity to tobacco marketing, knowledge, and attitudes. 97,302 students from 987 schools (Public-544; Private-443) participated in the survey. Of which, 80,772 students aged 13-15 years were considered for reporting. IIPS successfully completed the field survey for in 2019 and prepared the National and State/UT fact sheets by providing its key findings. Shri Mansukh Mandaviya, Hon'ble Union Minister for Health and Family Welfare released the National Fact Sheet of GYTS-4 on August 10, 2021. The Union Minister emphasized the need for early awareness for removing the ill effects of tobacco among children. He said, "The more and the sooner, we create awareness among children against tobacco use, the better will be the outcomes in terms of reduction in the prevalence of tobacco use among children and consequently among adults". "Harmful effects of tobacco use' should be incorporated in school curricula at various levels starting right from the primary school level", he added.

Last but not least, 7 students had come together to join their voices and sing in union different regional songs from, Himachal Pradesh to Kerala and wrapping up the entire performance with 'Mile Sur Mera Tumhara'.

The sheer aesthetic of the evening was heightened by the closing group song where all the performers joined on the stage with lamps on their hand and the India, flag being held high.
