

Launching of Academic Year for Master Students: Batch of 2026-28

The academic year 2026–28 marks the admission of the **second batch of Master’s students under the National Education Policy (NEP) 2020** at IIPS. The new cohort comprises students enrolled in three Programmes: Master of Science in Biostatistics and Demography, Master of Science in Survey Research & Data Analytics, and Master of Arts/Science in Population Studies. These programme reflect the Institute’s commitment to NEP 2020 through multidisciplinary education, skill-based learning, research orientation, and the integration of contemporary analytical and technological approaches. The programme are designed to equip students with strong theoretical foundations, advanced quantitative and research skills, to address emerging challenges in population, health, survey research, data science, and development. The commencement of the 2026–28 academic session marks another important milestone in strengthening innovative, interdisciplinary, and professionally oriented higher education at IIPS.
